

Zoe Saldana's Laid-Back Style

By Ann Csincsak, Vintage Sweet & Chic

The fast rising star of the new hit film '*The Words*,' Zoe Saldana, gets a top-tier award for her easy laid-back style. She always dresses to impress, even in her everyday denim. She takes a t-shirt and makes it special with eye-catching accessories and flawless makeup. If you're looking for a great weekend outfit to wear on a daytime date or out to a lunch at your local farmer's market, take a look at Zoe before heading out the door.
