What are some ways to deal with the revelation of a partner's affair?

Cupid's Advice:

Apart from a death, finding out your partner had cheated is

one of the most saddening news to receive. You will go through many negative emotions and, more importantly, need to decide what to do next. So to help you with your dilemma, here are a few ways to deal with the revelation:

1. Answer the hard question first: One of the hardest questions to answer after an affair has happened is will you stay or leave your partner? No matter which you choose, the road will be difficult, so it is useless to look for the easier path. Even so, you must choose wisely and not go back on your decision.

2. Know your part: Unless your partner is a philanderer, he did not go out looking for an affair. This means that the affair more than likely was a slow process that started when you two had issues, and way before the other person came around. To truly deal with the issue, you must look inwards to understand your part, even if your part was just looking the other way.

3. Understand the stages: The next few months will be a roller coaster. Understand that you will go through times of anger, frustration, sadness, and moments of feeling absolutely nothing, in any order. Eventually, the negativity will lessen and you will get to peace and rekindling.
