After months of begging your girlfriend to help make it happen, you finally score a date with the tall, handsome coworker you've been eyeing in her office. He finally takes notice and asks you out on an incredibly romantic date to a

fantastic Italian restaurant. The only problem is that every meal on the menu features your worst enemy: garlic. How are you supposed to impress this guy when bad breath is getting in the way?

While this scenario may be your worst nightmare, there's an easy solution. Binaca breath fresheners, including Breath Drops and AEROblasts Breath Spray, will save the day in sticky situations just like this one. After all, Binaca breath fresheners are the only fresheners that have passed the "kissalicious" test. These products kill the germs that cause bad breath and dissolve lingering aftertastes instantly to make you ready for that kiss at the end of the night.

The best part about Binaca breath fresheners is that you can carry them around with you anywhere. In one small bottle, you'll get 150 drops or sprays of instant breath freshener in a cool, refreshing and kissable flavor of peppermint, spearmint or cinnamon. Just one drop or spray on your tongue after a meal, and you won't have to worry about your breath being anything less than fresh.

These breath drops come in handy beyond date night too. With all the great feast-filled holidays coming up, it will be hard to escape breath-killing foods. Garlic mashed potatoes, candied yams, stuffing, egg nog, and cranberries can leave you with less than fresh breath. If you want to impress your sweetheart and his family or friends, you need to keep your breath fresh – without missing out on all the festive treats.

For one week only, one lucky CupidsPulse.com reader will be getting a YEAR'S supply of Binaca breath fresheners to save them from a dating crash-and-burn. That's right, one year! Check out the giveaway below.
