What are some signs that you're dating your soulmate?

Cupid's Advice:

The term soulmate is not something to be taken lightly. In fact, many people believe that there is no such thing as a soulmate. Though, here are some signs to turn you into a believer:

1. You automatically know: As cliché as it sounds, when you are with the right person you just know. Call it an epiphany or a feeling in your gut, but when you are sure, you are sure. As O'Neill claims, he always knew that Madeleine was the one for him.

2. You're a better person: When the person you are with makes you a better person, then they are the one for you. They should not try to change you by any means, but if you find yourself being kinder or happier, then they are making you a better person.

3. You are blissfully happy: If you are not happy with your current partner, then they are not the one for you in the end. At the end of the day, regardless of the fights, you need to be happy with your relationship and your partner.
