

Kara DioGuardio Prepares to Welcome a Baby Boy

By Meghan Fitzgerald

Kara DioGuardio, Grammy nominated songwriter has confirmed that she and husband Mike McCuddy will welcome a baby boy via gestational surrogate in the weeks to come, according to [People](#). DioGuardio suffered numerous fertility issues and multiple failed IVF attempts over the past few years. Recently, she mentioned that she would love to become a mother, but isn't rushing anything. The pair decided to try something different with a surrogate (a friend of the couple), and it worked!

What are the benefits of using a surrogate to carry your child?

Cupid's Advice:

When it comes to fertility issues in women, surrogates are an exceptional option. To become a mother is an aspect of life that most women dream of. Not being able to have a baby is one of the most frustrating and heartbreaking events in a woman's life. Here are some benefits to welcome a child via surrogate:

1. Ability to have a child: For those women who are incapable of having a child, surrogates are an essential part of their happiness. With the option of a surrogate, women are given a sense of hope that they will be able to mother a child.

2. Sustain body image: Although it may seem selfish and in a way precocious, but a women will be able to maintain their figure and have a child at the same time. Women will be able to raise their child given from the surrogate and won't have to worry about getting back in their shape.

3. Same-sex couples: Homosexual men and women are given the opportunity to have a child with surrogates.
