Many relationships have failed because jealousy and drama have snuck their way into them. Unfortunately, our culture is filled with social media and this plays a large part into why relationships fail. With Facebook and Twitter, we know almost everything about each others' lives. Cupid has some advice:

1. Communication: One of the many keys in a relationship is expressing how you feel. It is essential for you and your beau to communicate with one another. Communication allows zero confusion in the relationship and allows the two involved to love each other more. Lack of communication can lead to problems stirring in your relationship. To keep the love together, just communicate.

2. Personal space: In a relationship, it is essential to realize that the both of you have their own, separate lives. Being up each others noses all the time will cause drama in a heartbeat. Although you may want to spend every waking minute and day with your mate, you need to give them personal space. Personal space to live their life, not yours. Also, giving your significant other personal space allows them to analyze your relationship and want to work and delve into it more.

3. Honesty: Honesty ladies and gentlemen, is necessary in relationships, and generally all aspects of life. You are simply asking for drama if you lie to your partner. To keep your relationship nice and clean, do not in any circumstance lie.
