

Celebrity News: Brian Austin Green Takes Baby Noah for a New York City Walk

By Jessica

Conigliaro

Actress Megan Fox and husband Brian Austin Green had their first child in September 2012. Since the birth of their son Noah, the couple has been making efforts to stay out of the public eye, [People](#) reports. Despite their best attempts, Green and his son were both photographed while taking a walk through SoHo.

What are some reasons to keep your baby out of the public eye?

Cupid's Advice:

Whether you're a celebrity, or someone easily recognized by the general public, there will always be someone wanting to

capture your daily life. They will be most intrigued by your baby, wanting to capture your new family together. Cupid offers some tips to avoid being in the public eye:

1. Privacy: When you and your husband are recognizable figures, people will want to photograph you with your children. This however, does not allow you much freedom. Everywhere you go, you will have to worry about what you're doing and saying. Nothing will ever be private and your family will never be left alone. Avoid the paparazzi as much as you can in order to raise your children in a normal environment.

2. Avoid rumors: Your husband is always the one who takes your baby for a stroll in the park every morning. When people don't see you two together, they automatically assume you are split up. Avoid the rumors by mixing up your daily walk locations. You will get some privacy and avoid being in the public eye.

3. Safety: Sometimes, paparazzi can get violent when trying to get a photograph. They will cross over space boundaries and invade your family's privacy. Your baby will get scared of the flashes and strange people surrounding him/her. Stay out of the public's eye as much as you can while your children are young.
