Cupid's Advice:

You are excited about being able to tie the knot with that special someone. If you're so excited, then why wait? Cupid has some reasons why waiting can be better than jumping the broom too quickly:

1. Experience: When you wait to get married, you gain more experience and you get to know what traits you want in a partner and what you don't want. This way when you're ready to say "I Do", you will be sure that the person you are saying it to is really the one for you.

2. Divorce: Getting married young runs a higher risk of ending up in divorce than getting married at an older age. When you're young, you're still growing and your aspect of life is still changing so your likes and dislikes may change.

3. Stability: When you are young, you are just starting off in the business world and you are not completely financially stable. This may cause problems and arguments between you and your partner, especially if you are married. If you wait until you are both financially stable, your life and a married couple will run a lot smoother.
