How do you know what qualities you need in a partner?

Cupid's Advice:

Finding "the one" can be tricky, so it's important to know what qualities you need in a partner if you want the relationship to last. Cupid has some ideas on how to figure out what traits to look for:

1. Look back: Every relationship is a learning experience that gets you closer to finding Mr. Right. Use your past experiences to figure out what qualities you want (and don't want) in a future partner.

2. Use an example: You know that couple that have been together forever and are still totally in love? Think about what makes their relationship last, whether it's honesty, communication, or a sense of humor, and keep those traits in mind.

3. Share goals: Think about what's important to you and look for someone who wants the same things. While your partner doesn't have to have identical goals, being with someone who has similar aspirations and values will ensure a long-lasting relationship.
