

What Stirs You? Create a Match.com Summer Singles Event and Win!

This post is sponsored by Match.com.

By Rachael Moore

Do you ever feel uncomfortable at a bar or party because you don't know who's single or taken? Well, worry no longer! With Stir events by Match.com, everyone is single and looking to meet someone. Better yet, the online dating website is celebrating their one year anniversary! They're giving you the opportunity to participate in their "What Stirs You? Create a Match.com Summer Singles Event and Win!" contest between Tuesday, May 14th and Tuesday, May 28th.

If you've never heard of Stir, it's Match.com's answer to

offline events, offering a wide range of activities to Match.com members around the country. The program has seen great growth in the past year, hosting 2,850 events – broken down, that’s 14 events each day, 75 events each week and 320 events each month. Match.com has collaborated with over 1,200 venues and partners, including House of Blues and Banana Republic. Plus, the site is throwing single events in over 80 cities, reaching as far as Anchorage and Honolulu! Activities now range from large-scale happy hours at popular spots to more intimate gatherings like tequila tastings and DJ lessons. Over 225,000 singles have attended a Stir event to date.

In honor of these milestones, Match.com is offering the opportunity for singles to create their own Stir event in their hometown. The selected winner will have their idea re-created by the Match.com Stir Events team in their city and will receive an invitation to attend the event along with ten of their singles friends – all at no charge! In addition, the winner will also get a free six-month Match.com subscription. Sounds awesome, right? Well, you can be a part of it! To enter, visit Match.com’s “What Stirs You?” Contest Page, now through Tuesday, May 28, 2013 and tell Match.com what you think would make for the perfect singles event. Entries will be judged based on quality, creativity, uniqueness and geographical relevance. Good luck!
