How do you make your partner's birthday special?

Cupid's Advice:

Your partner's birthday is coming up and you want to make the occasion one they will always remember. Cupid is here to show you how to make the night special for them:

1. Get down on one knee: You and your love have been dating for almost 2 years and have discussed the possibility of marriage. With your partner's birthday on the way, it's the perfect time to buy the ring. Surprise her in front of all her friends by proposing on her birthday. She will love the romantic gesture—and will especially love sharing the moment with the people closest to her.

2. Meaningful gift: For your partner's birthday is coming up and you are rattling around gift ideas. Get him/her a big present they will always cherish. Buy concert tickets to their

favorite band—get them a smaller present to throw them off at first. Wait a few minutes before giving them the tickets. They will love the anticipation—and of course the tickets as well.

3. Surprise Vacation: What better way to celebrate a birthday than on a beach with your love? Throw you partner a small surprise party a week early and reveal to him then that you planned a week long trip to The Bahamas for their big day. He will love the thoughtful gesture and appreciate your efforts.
