How do you keep a pregnancy under wraps at the beginning stages?

Cupid's Advice:

It's hard to keep the fact that you're preggers under wraps, especially from work and family members, but Cupid has advice to get around it:

1. Get there first: If you are going on an outing with friends or family, make sure to get to the restaurant/bar first so you can ask the bartender to make your drinks without alcohol.

2. Excuses: If you are having morning sickness and you don't want people to guess that you're pregnant, blame it on a sickness or food poisoning. This will only work for a short period, but it will buy you some time for now.

3. Wear sweaters and scarves: Big sweaters and long scarves that hang will help hide any weight gain in the early stages. With all that fabric, how will anyone ever know you're pregnant?
