How do you decide how many kids to have?

Cupid's Advice:

Having children is a beautiful thing, but how do you know how many is right for you? Cupid has the advice:

1. Time: How much time do you have on your hands? Having more than one child requires each one to have the same amount of equal attention from you and your partner. One child means all of your attention can go to him or her.

2. Think of your child: More than yourself, think about how it will affect your children. Do you want your children to have siblings? Will you have the money you need to take care of more than one? The amount of kids you have will affect your children just as much as you.

3. Pregnancy: Are you willing to get pregnant for a 2nd time, a 3rd time or so on and so on? Having a child is a lot of work before the actual kid is even born.
