

New Celebrity Couple: Selena Gomez is Hooking Up with Ed Sheeran

By Petra Halbur

Rumor has it that Selena Gomez has moved on from Justin Bieber and has started seeing singer-songwriter, Ed Sheeran. "They are hooking up," a source told UsMagazine.com. Though Sheeran said that he was single at the MuchMusic Video Awards on June 16, he admitted that he "wouldn't complain" to being paired with a pop star. A second source explained that Gomez is attracted to Sheeran's independence and maturity. "She got sick of having to take care of Justin [Bieber] like he was her child. This is a nice escape from the drama," the source said.

How do you know when it's time to move on from an on-off relationship?

Cupid's Advice:

You can only put up with an on-again-off-again relationship for so long. Eventually, you have to decide whether or not to just move on. Cupid has some advice:

1. The situation isn't improving: If you keep breaking up over the same issues, then chances are those problems are not going away- ever. If these aren't flaws that you can live with, then you need to break things off now.

2. You're attracted to someone else: If you've noticed someone else who you think could offer you a more stable relationship, that might be a sign to end things with your current partner.

3. You're unhappy: You don't need a long, articulate excuse to justify ending your relationship. If being with your on-off partner isn't making you feel good, then that's validation enough to call it quits.
