### **Cupid's Advice:**

Relationships can be a lot of work, and there tends to be obstacles nearly every couple has to overcome. Cupid has some ideas on how to work around these issues:

**1. Time:** Like most things in life, relationships require a lot of time in order to flourish. While it may be difficult to balance all the aspects of your life, try to take at least 15 minutes a day to show your partner that you care about him or her.

**2. Distance:** Particularly in new relationships, distance can cause some issues. If you're not living together, try to make sure you communicate in some small way daily, even if it's just a text that says “hi” – that way, you'll stay on each others' minds.

**3. Harmony:** Variety can add depth and health to any relationship, but balancing opposing viewpoints or interests can make things tough. Stay open-minded about what your partner likes, believes and wants, but make sure you also stay true to yourself. Make sure to communicate about conflicts when the need arises.
