

# Date Idea: Play Romantic Dating Games

By Gabriela Robles

This weekend, spend the night indoors with your love by showing off your competitive side by organizing a few romantic dating games. This is a great night to share your best couple friends too. So hurry over to an arcade and have a fun game night with your sweetheart!

Find a luxury bowling alley that's specifically setup for romantic dating games. Usually these types of bowling alleys are done up in a glow-in-the-dark fashion and have a party-like environment that's extremely exciting. Most likely, there will be fun music, cocktails and tons of entertainment. Some

luxury bowling alleys even have restaurant or grills attached to them as well as lounges, game rooms, cigar bars and dance areas. This atmosphere will insure an amusing night that both you and your date will enjoy.

If an arcade is more your style, you can still enjoy a romantic dating game spot such as Dave and Busters. This popular spot has a restaurant that serves delicious appetizers, salads, entrees and desserts – plenty of options. After you've eaten, you can head over to the games and get busy with your man. Show off your gaming skills behind the wheel by playing Daytona USA or impress your date with Super Shot. If you're in the mood to compete, play some QuadAir Hockey or try Dance Dance Revolution. The best part is that they have great deals. In fact, their Eat, Play, Win Combo is a surefire way to have a great evening that your wallet will love! Dave and Busters even has new games, so if you're addicted to Temple Run or Cut The Rope on your phone, try the arcade versions!

Romantic dating games are about doing something fun and new with your significant other, so go in with an open mind and excited attitude. Who knows? You two might have such a good time that you'll head out to your local bowling alley or arcade each month. It's a great way to beat the chill and heat up your relationship.
