Sometimes, the biggest struggle when it comes to dating is figuring out how to say hello to your crush. Making that first move doesn't have to be so scary anymore, especially if you know how to capture the attention of your potential love interest with confidence.

How do you break the ice when you're out with your friends and notice that cutie across the room? Two words: body language. Make eye contact and don't be afraid to show off your pearly whites. You want to make yourself approachable, and the best way to do that is with a seriously friendly gesture. If they happen to smile back, take the next step and say hi. When you meet someone new, you have a clean slate, so seize the opportunity to make a lasting first impression. Let your true self shine!

If you can't find the courage to say hello, resort to one of your favorite pickup lines. Choose wisely: If you want him to notice your sense of humor or her to realize that you're a sensitive guy, use a pickup line that reflects this part of your personality. For something casual, say, "My friends bet me that I wouldn't be able to start a conversation with [the most beautiful girl or most handsome guy] in the bar. Can I buy you a drink with their money?"
