How do you know when to call it quits on your relationship?

Cupid's Advice:

Even though it may seem like it can't happen, it's possible to have a positive split with your man. Cupid has some advice

with how to know when you're ready:

1. Know when it's time to leave: If your dreams aren't the same as they were and you're finding yourselves constantly on different pages, it might be time to end it. You must reflect inwardly and ask yourself how you really feel about this relationship.

2. Talk about it: Your partner might feel the same way, so get together and talk it out. Explain why you feel the way you do and see if it's possible to fix or if you both want to work on it.

3. Settle an agreement: It's not always easy to just get up and leave, especially if you have a family together. If that's the case, you need to settle rules and regulations between the two of you in regards to your kids.
