What are some ways to keep your relationship under wraps at first?

Cupid's Advice:

If you are in a new relationship and trying to keep it on the down low there are a few things you can do so people don't

question your relationship. So what are some ways you can keep your new relationship under wraps? Cupid has some advice for you:

1. No PDA: If people see you holding hands, hugging and kissing in public there is no fooling anyone. If you are trying to keep your relationship under wraps at first try steering away from excessive PDA.

2. Spend time apart: It's definitely okay to spend time with your new partner, but also remember to spend time with friends and family. If people start seeing you two together more often than not people are going to start thinking that things are getting more serious than just being friends.

3. Hang out in groups: Hanging out with your new partner with your other friends or with your family is a good way to take the attention off of you and your relationship. Hanging out with your new partner in a group setting will make it harder for people to suggest that you are dating each other.
