Radiant, flawless skin is an automatic turn-on for attracting that special guy. Unfortunately, no one has the time or money to visit an esthetician at a fancy spa for facials each week. Not to mention, those in-spa acid peels can irritate or even burn sensitive and allergy-prone skin. Eek! What's a girl to do? Depend on Real Chemistry's 3 Minute Precision Peel!

Real Chemistry is an innovative line of skin care products scientifically formulated to gently yet effectively create instantly clearer, brighter, and softer skin. It's a Nashville-based boutique beauty line created by Karen Griffin, who worked in the healthcare industry for over twenty years

and researched cutting edge ingredients for use on a variety of skin types. After finding components suitable to deliver proven results for all skin types, she used them to formulate her unique Real Chemistry products.

The 3 Minute Precision Peel can be used every five to seven days to create more luminous skin by binding to dead surface skin cells and removing these lifeless proteins with no stinging, burning or itching! It's the perfect addition to your regular beauty routine – you can even use it before going out on a date! The peel will give your skin that extra wow factor without the fear of leaving the house red-faced with a chemical burn. Instead, your cheeks will be flushed with the excitement of the night ahead. Take three, worry-free minutes during your date night prep and use this mask to create a glamorous glow that will knock out your date and make you the bombshell of the evening! We at CupidPulse.com are so impressed with Real Chemistry that we're giving away two 3 Minute Precision Peels in a gorgeous tote bag to one of our readers.
