How do you move on after a divorce?

Cupid's Advice:

You're finally divorced and now you're wondering if you'll ever be able to move on and be happy again. Divorce isn't easy. When it finally hits you that you will no longer be waking up to the same person in the morning anymore, you might hit an all-time low. However, this feeling won't last forever. Cupid is here to help:

1. Time: You'll need to give yourself the chance to heal and the only way to do that is by giving yourself the necessary time. You won't be able to get over the lose of your marriage right away and you shouldn't expect yourself to. Don't worry, you will find yourself feeling better about the situation day-by-day. Don't rush yourself into another relationship. Take this opportunity to get to know yourself all over again.

2. Support: You won't be able to get through this all on your own. Keep in close contact with your family members and friends. When you're feeling down, they'll be able to lift you back up and make you see all of the positive things you have to look forward to.

3. Try something new: Take your mind off of the divorce by digging yourself into some new hobbies. You don't have to do anything too extreme (like skydiving), but if you've always wondered what taking a painting class would be like, sign up for the next one at your nearest recreation center.
