

# Date Idea: Visit a Tarot Card Reader

By Leslie Chavez

If you're strolling around that little beach town you visited for the weekend and looking for something different to do, check out that **tarot card reader** you spotted on the street. Come on – you know you're a little curious! Take a look into the crystal ball and see what the future holds for you and your love.

It seems like everywhere you go, you can count on some sort of psychic, tarot card reader, or the like to be around the second corner or down that quiet alley. You should finally take the plunge and see what all the fuss is about! Couples

readings can be a fun and illuminating experience. They can also be very healing, providing you with a neutral space to work through issues and look at the bigger picture of your relationship. However, in order to avoid a tense situation, make sure that your partner is comfortable and open to the idea.

The tarot card reader encourages you to ask questions that move your situation in a healthy direction rather than asking something like, "Should we move in together?" She also suggests talking with your partner beforehand to discuss what questions you will ask in order to avoid any surprises. Consider having separate readers for you and him if you feel uncomfortable going in together. After determining which option is best for you, relax and get ready to gain insight into your past, present, and future.

One of the most common approaches are tarot card readings, a method that uses a symbolic deck of cards with specific drawings that are believed to be guided by spiritual forces. The forces are believed to help interpret a current situation someone is going through or uncover something about their future. Is there a walk down the aisle in the cards for you? Tarot card readings are a great way to find out.

Another sought-after method of seeing the future is palm reading, which evaluates a person's character or future by studying their hand. There are three major lines – the heart, the head, and the lifeline – that tell you more about yourself than you ever imagined. Getting your beau's palm read can be a good way to get some insight into his emotional stability and romantic perspective. Sneaky girl!
