**What are some ways to prepare your relationship for a child?**

## **Cupid's Advice:**

You are at that point in your relationship where having a child is or will be the next step. However, it is vital you and your partner know what is tied to a baby. Here are ways to brace your relationship for this life changing event:

**1. Acknowledge:** You must come to terms with knowing nothing will ever be the same. You must take on the full-time role as a provider and nurturer. Those spontaneous dates or something as simple as having bed space might even disappear for a little while. Also, take into mind that you and your partner are forever joined by the child, not just for 18 years.

**2. Finances:** As we know, taking care of baby is far from inexpensive. Limit your nonessential spending habits. You and your partner may find that minimizing certain activities will reduce the headache as you all begin to baby shop.
