What are some ways to prepare yourself for being a first-time parent?

Cupid’s Advice:

Becoming a parent for the first time is a life changing experience. You won’t know what you’re doing for awhile, but

you'll pick up the new baby duties in no time. There are a few things you can do that will help you ease into the transition a little more smoothly. Cupid has some tips:

1. Read: Go to your local library or bookstore, and find some parenting books to read. There are so many different ones to choose from. If you need a little help with reducing the selection, ask a loved one to assist you. Maybe they'll have a few favorites of their own if they've already been through your experience before.
