## **Cupid’s Advice:**

Congratulations on your pregnancy. Now you have to decide how and when you’re going to tell your loved ones about the excited baby news. A pregnancy announcement might seem intimidating, but just think about how excited your family and friends will be once you finally reveal the big surprise. Cupid has some tips:

**1. Tell your honey first:** Before you go around telling your friends and family the good news, you need to tell your partner you’re expecting first. You can choose to tell him right away, or think of a creative way to announce the news. Maybe you can tell your significant other over dinner or leave clever, little clues all over the house that lead up to the big reveal.

**2. A picture story:** Break the news to your family and friends with the help of a few photos. Have your honey snap a few pictures of you holding up a sign explaining your pregnancy. You could wait a few months for your baby bump to start showing to make it a little more fun.

**3. Social media:** Many couples are choosing to tell all of their loved ones about big news through the use of social media. While this method is impersonal, you'll get the job done faster. If you don't have a problem with everyone knowing about your baby news and you'd rather have everyone know at the same time, social media might be your best bet.
