How do you deal with a cheating partner?

Cupid's Advice:

The idea of a cheating significant other is hard to deal with. How can someone you love be unfaithful to you after you put in so much work in a relationship with them? Should you stay with your partner or call it quits? Cupid is here to help:

1. Process the information: When you first hear the news about your partner being unfaithful to you, your first thought might be to end the relationship without asking any questions first. However, you don't want to make any drastic decisions you'll end up regretting later. Give yourself some time to fully process the information you received. Then, after awhile, move forward with what you want to do next.

2. Confrontation: You need to ask your significant other about the cheating allegations. However, asking is unnecessary if you already know firsthand that the information is true. You still will need to confront your partner about what you know. Get their side of the story, and see what they have to say for themselves.

3. End the relationship: You can choose to stay, but your partner obviously doesn't feel the need to stay faithful to you. You don't need to be in a relationship with someone who doesn't understand the concept of loyalty. You deserve better, and you'll find exactly what you need after you decide to leave the jerk behind.
