Cupid's Advice:

If you want a relationship to last a long time, you have to move at your own pace. Here's how:

1. Wait until you're ready: Don't hit the milestones in a

relationship just because they're there. For example, say, "I love you" only when you feel ready.

2. Lighten up: If you just ended a serious relationship with someone like Gabriel Aubry did, don't get serious again right away. For now, date without thinking about where it could lead.

3. Don't use labels: If you want to take your time in a relationship, wait a while to make it official. Using the labels "boyfriend" and "girlfriend" too early could put pressure on the relationship.
