Cupid's Advice:

You're going to remember this day for the rest of your life, and you'll have thousands of pictures to prove it. It's most

likely impossible for a bride to look anything but stunningly gorgeous, but if you're suffering from pre-wedding jitters, we have a few tricks for you:

1. Waterproof make up and hairspray are your new BFFs: Let's be honest, there will be tears. The waterproof make up will hold longer, and is less likely to run if a tear or two does seep through. To keep your make up and hair in place, use hair spray to set your look. Spray at least 10-inches from your face and hair, in order to maintain a level amount on each aspect part of your head. And remember, don't touch your face too often, it keeps the make up from smudging off.
