How do you know when you've found "the one"?

Cupid's Advice:

When love crosses your path, it is indeed one of the greatest, memorable feelings. You are on cloud nine and there is no coming down. Plus, the stomach butterflies do not seem to be going away anytime soon. And if you have not experienced this yet, you are patiently waiting on the moment. Nevertheless, knowing when you have met that special person that is the reason for your insane feelings always brings up the question "Is he/she the one?" Cupid has some advice to help you figure it all out:

1. You are 100% yourself: Coming across someone who fully accepts your personality, flaws and all, is similar to finding a four leaf clover. Fortunately, when that one does come around, they are hard to pass up – the person who understands your humor, accepts your lifestyle, and so forth. If you are never hesitant to say what is on your mind or do something completely out of the norm and they value it, chances are you are a step closer to recognizing 'the one.'

3. Mutual understanding: A confirmation on if you genuinely have met your match usually comes about in certain situations, such as you and your partner working out a problem instead of arguing and remaining stagnant. The conversations evolve and

include “we” and “us” instead of “I” and “me”. If you notice more growth individually and together, then you have probably found “the one”.
