Another [Angelina Jolie](#) and [Brad Pitt](#) movie is in the works! However, it is not a *Mr. and Mrs. Smith: Part Two* . . . yet. Although their first project together was a memorable action film, the next one with the [famous couple](#) will be the exact opposite. According to [UsMagazine.com](#), the 38-year-old actress opened up in an interview with *Extra* on Tuesday, May 20, about the new film. "It's not a big movie; it's not an action

movie," the *Maleficent* star shared. "It's the kind of movie we love but aren't often cast in. It's a very experimental, independent-type film where we get to be actors together and be really raw, open, try things."

The Oscar winner and mother of six also gushed about her celebrity love: "He's my family. He's not just a lover and partner, which is wonderful, but he's my family now...We have history; we work hard to make it great; and we don't kind of relax about it and take each other for granted." Jolie admitted that the Hollywood couple does run into a few trials and tribulations, saying, "Like everybody, we have our challenges, but we're fighting to make it great."

When this Hollywood couple films another movie, they'll be spending a lot more time together. What are some drawbacks to working with your partner?

Cupid's Advice:

You may imagine working with your partner as another way to spend time together. The commute to work won't be such a hassle; it'll be easier, and you'll save money on gas. It's important to consider the downside too. Cupid has some issues for you to keep in mind:

1. No alone time: Believe it or not, there is a thing as spending *too much* time with your significant other. Work is no longer a place for you to do your own thing because your beau is now just a cubicle away.

2. Nothing to talk about: Most couples enjoy coming home from work and discussing their days. If you work together though, the conversation may be limited because you both experienced similar situations with the same co-workers.

3. Jealousy: Imagine if you received a promotion that your significant other had secretly (or publicly) been longing for or vice versa. Your partner will either be genuinely happy for you or envious of your success. If they are in the second boat, you'll notice tension between the two of you within days, which will eventually cause a strain on your relationship and love.
