By Sanetra Richards

Yes, you read the headline right! UsMagazine.com reveals a source has confirmed that pregnant Eva Mendes and longtime boyfriend Ryan Gosling are expecting a bundle of joy. The news was verified shortly after rumors circulated around the web about the 40-year-old actress' seven month pregnancy. This will be the first child for the Mendes and Gosling. In an interview with Ellen Degeneres at the beginning of the year, the *Hitch* star joked about the pregnancy rumor frenzy that was happening: "It's so ridiculous," she said. "It all started because I didn't want to go through the scanners at the

airport. You know those X-ray scanners, which are really creepy? They basically see you naked, right? And not only that, but there's a radiation aspect to it, so I always opt out."

What are some ways to keep your pregnancy under wraps?

Cupid's Advice: Expecting a baby is quite exciting! You are bringing a tiny human into the world, and there's no feeling that could possibly compare. For now though, you and your partner don't want anyone else to know your big news. Cupid has some tips to help you hide your baby-to-be:

1. Don't tell a soul: If you are waiting until you're further along in your pregnancy to break the news, your best bet is to keep your lips sealed. You can tell a couple of close friends and family members; however, everyone else is off limits!

2. Avoid hint-dropping: You may be extremely tempted to post cute baby-related things on your social media accounts...but don't! People will probably figure out what you do not want to reveal. Remember, the ultimate goal is to keep this a secret until you're ready to share.

3. Toss the fitted clothing: Use your wardrobe to your advantage! Maybe you have some flowy, shift dresses to wear when out and about; opt for those instead of your tight tees and button downs. No one will suspect a baby bump is underneath.
