partner?

Cupid's Advice:

It's very important to have things in common with your significant other. Cupid has some advice:

1. Values: Having the same values and beliefs as your partner is extremely important. When you two are making decisions and planning out a life together, you will have to choose things based on personal values and beliefs. This is in relation to morals, religion, politics, personal views, and so on. Although conflicts are inevitable in any relationship, there will be far fewer conflicts if your values are similar!
