Cupid's Advice:

Are you and your love beginning to think about starting a family like this famous couple but aren't sure you're completely ready for what's in store? Cupid knows it can be tough, so here are three ways to know when you and your partner should have kids:

1. You both have pure motives: As much as we hate to say it, sometimes, people want children for the wrong reasons. Having kids isn't a bandage that will fix a relationship in distress. For these reality stars, decision-making can be a little tough since they've only known each other for a short period of time. Make sure you and your partner know what's ahead and the journey you will go through together.

3. You are healthy and happy: Being healthy and happy is another important aspect to consider when you're having children. A mother's actions and attitude rub off on a child, so it is crucial to be in a good mindset while pregnant and as a new mom.
