Black lights, a giant penis and a pepperoni pizza cake! According to UsMagazine.com, in true Miley Cyrus fashion, her birthday party was all sorts of ridiculous. With the theme "Miley's Twisted Mind" guests were stunned by the psychedelic decor and outlandish activities, such as a mechanic bull made into a giant penis and photo booth bed. New boyfriend, Patrick Schwarzenegger, was in attendance and brought friends. A sourced said, "Miley and Patrick were hugging and dancing together."

What are some ways to make your partner feel special on his/her birthday?

Cupid's Advice:

One of the best parts of having a partner is celebrating the milestones together! Here is some advice on how to make your love's birthday extra special:

1. Sweet and simple: A lot of people over look putting love into the little things. Bring them their coffee order before they even wake up, take a walk together or leave them a note at their work desk.
