What makes a reliable dating expert?

Cupid's Advice:

A dating expert can really be anyone. Cupid has some suggestions on what to consider when you're looking for relationship advice:

- 1. Who knows you best:** Trust the advice of the people who know you well, such as family and close friends. At least you know that they always have your best interests at heart.
- 2. Credentials:** Bloggers, authors and talk show hosts have usually gotten to where they are by proving their understanding of relationships. Consider their resume before trusting their advice.
- 3. A gut feeling:** Your own gut is probably the best dating expert to consult!
