Juggling work, life, family, and friends can be hard enough. Now try adding dating. No, let's make that dating multiple people at once! Sounds like a bit of a challenge, doesn't it? Well, it can be done, and it can be done right if it's something you're looking to do. Below are a few points regarding dating more than one person at the same time.

1. Honesty may be the best policy: We're not suggesting you make this the first thing you tell your date right after you've stated your name, but you may want to tell them that you're interested in openly dating because they may have

different expectations. You wouldn't want to figure that out after you're a few weeks in.

2. Compare and contrast: While dating multiple people may be hard to balance, it does give you the option to compare and contrast each person. This way, you can speed up the process of finding 'the one.'

3. Gaining skills: Like a job interview, dating multiple people at once helps you practice what to do and say on the first date. After a few tries, you'll be a pro, and the first attempt hopefully won't be so nerve wracking.
