We have this celebrity couple on our list of lovebirds to watch!

Celebrity love birds Benji Madden and Cameron Diaz are still in the honeymoon phase of their marriage. What are some ways to keep the sparks alive in a relationship?

Cupid's Advice:

First comes love, then comes marriage ... and then after this you have to watch out for the plateau! Cupid has some tips on how to keep the spark alive:

1. Surprise each other: Take a note from Benji Madden's book and give your partner something to excite them. It is very easy to get busy with work and other obligations and let your relationship and love slip lower on the list of priorities. Don't let this happen to you. Instead, do the little things to show your love you care.

2. Make a schedule: Being organized is sexy. If you both have crazy schedules, be sure to make time for love. Have date nights planned so that romance will always be something to look forward to even if it isn't on today's agenda. You know what they say: absence makes the heart grow fonder.

3. Corny is okay: Put cheesy "I love you" notes in their packed lunch, send a text with lovey dovey emojis, or them inside jokes just to make them smile. All these little things you can easily do to keep the spark alive in your relationship.
