There will be no lack of attention on Kim Kardashian's second celebrity baby news. What are some ways to keep your pregnancy under wraps?

Cupid's Advice:

While this celebrity baby news will get coverage all over the world, other people might want to be more secretive when it comes to their pregnancy. Below are a few ways to help keep your pregnancy under wraps:

1. Be the designated driver: Your friends and family members are probably going to ask you out for a drink within the next nine months. If you want to get out of drinking, tell them you'll be the designated driver!

2. Schedule your meetings in the afternoons: If you have terrible morning sickness and you're not sure you'll be able to work well in the mornings, make sure to schedule work meetings for the afternoons. Hopefully, by that time, your morning sickness will have subsided.

3. Don't talk about it: If your coworkers are concerned as to why you've had so many doctors' appointments lately, simply say, "I'd rather not talk about it." It's better than making up an illness. If your coworkers persist, tell them you're fine...or that it's "women's problems."
