Cupid's Advice:

Getting your emotions and feelings together after a break-up can be difficult. Sometimes you feel like there is no way out, but that is not the way you want to think! Cupid has some ways you can cope with your break-up below:

1. Go out and have fun: Forget the tub of ice cream and chick flicks, get out of the house and have fun! Meet new people, explore your surroundings, and hang out with your friends! Dance the night away and get a few new numbers while you're at it.

2. Focus on yourself: When you are tied down in a relationship, you often forget to take care of yourself because you are so worried about your partner. Well, this is the time to focus on yourself. Go on a shopping spree, get your hair done, indulge in yourself!

3. Accept that time heals all problems: No matter what happens, things always get better in time, and within that time you do learn a lot about yourself and others. You will still think about that person, but you will most likely learn in your time apart, that you were probably better off without them. You do not need anyone but yourself! Your happiness is

the most important.
