

'The Bachelor' Season 15: And Then There's MICHELLE!

Normally I try to come up with more original titles, but the one from ABC's preview of tonight's episode of *The Bachelor* is perfect. Michelle's crazy eyes are all aglow and she's got Brad Womack in her grasp, but the remaining 13 bachelorettes are banding together to show the bachelor her true colors. But who gave Michelle that black eye? A part of me thinks that Michelle did it to herself so she can continue playing the victim card. Guess we have to wait until tonight **at 8 PM/7 PM Central Time** to find out! Happy watching, and don't forget to stop by tomorrow for our recap of the episode!
