Celebrity news is getting juicy! What are some factors to consider before dating a co-worker?

Cupid's Advice:

Dating a co-worker can be tricky business. Cupid has some tips:

1. Are you violating company policy?: It is important to figure out if you are violating company policy by dating a coworker. It may not be worth losing your job, so do your research. You may even be able to talk to an HR representative about it if you are serious about dating your coworker.

2. Don't date your boss/subordinate: Dating your boss or your subordinate can bring a lot of tension into your relationship and love life. It can become difficult to separate work from play, and that could be enough reason to break you apart.

3. You will be spending a lot of time together: When you date a coworker, you will be spending a lot of time with them. Although that may sound like a good thing, it may not be. Sometimes couples need time apart to keep the spark alive. If you are constantly seeing each other, especially in a work

environment where stress levels are high, it may do damage to your relationship.
