1. Someone who is kind and respectful: Your gold standard should be someone who expresses kindness even when things aren't going his way. You don't want to be with someone who will take it out on you when they've had a bad day.

2. Someone who wants the same amount and type of intimacy: Everyone has a different attachment style, but you need to align yourself with someone who has the same style as you. If you are secure and want to cuddle a lot, you can't be with someone who is avoidant and doesn't want to spend time with you.

3. Someone whose past won't ruin your future: The biggest indicator of how someone will act in the future is their past. If your partner has a harrowing story, make sure they learned from it and overcame the obstacles thrown their way.

4. Someone who is at least as into you as you are into them: Science proves that men fall harder and faster during the falling in love stage of a relationship and love. If your man isn't as into it as you are, take a step back and reevaluate.

5. Someone who heals rather than worsens your own issues: The reason we get into intimate partnerships is to have a good time, so make sure you're having a *great* time with someone who makes your life happier.
