

Beauty Tips: Don't Ignore These Cosmetic Procedure Red Flags

Article submitted by www.psspecialists.com

As more and more cosmetic procedures become readily available and mainstream, it seems as if everyone is having something done. However, easy access to treatments and procedures comes with concerns. As captured on the popular TV show *Botched*, things can go very wrong with serious, even life-threatening consequences. Anyone conducting cosmetic procedures can call themselves a “cosmetic surgeon.” However, to be considered a plastic surgeon, one must be certified by the American Board of Plastic Surgery.

Dr. Stanley Poulos, a Board-certified San Francisco area plastic surgeon offers the following red flags not to ignore when selecting a plastic surgeon, dermatologist, aesthetician or anyone else you plan to trust your body with. It's important to take these beauty tips seriously.

1. They offer discount coupons.

Discount coupons make sense if you're looking for a haircut or a massage, not for plastic surgery. "Don't bargain shop when it comes to something serious like surgery. You want to make sure you research the average prices and if something seems too steep of a discount, beware;" Dr. Poulos says.

2. The surgeon is not Board-Certified.

Look for credentials, someone who is Board-Certified in plastic surgery by the American Board of Plastic Surgery. If they are they usually have this credential prominently visible in their office and on their website. This means the surgeon has had at least six years of surgical training with two or three years devoted specifically to plastic surgery, has passed rigorous oral and written examinations and has demonstrated safe and ethical surgical practice.

Related Link: [Why You Don't Need the Perfect Body](#)

3. They make lofty promises.

Dr. Poulos states that, “Any surgeon that promises to make you look like a celebrity or says he can make you look 30 years younger, is over-promising. A skilled surgeon knows the potential and limitations of surgery and will be clear about this from the start. A good surgeon will want you to look like an improved version of you, not someone else.”

4. The surgeon’s operating facility is not accredited.

Often plastic surgery is performed in an ambulatory care center or the surgeon’s office-based surgical facility. “Either way, “you want to make sure the facility is properly accredited. Accreditation ensures that strict standards are met for proper equipment, safety, surgeon credentials and staffing,” stresses Dr. Poulos.

5. They try to “up-sell” potential patients.

An initial consultation with a plastic surgeon should be a collaborative effort in which doctor and patient come to an agreement about which course of treatment is best. It’s reasonable for the surgeon to suggest alternative approaches, but that it’s worrisome if he/she uses high-pressure tactics. “Your surgeon may suggest consideration of more or different procedures than your initial request but should have sound reasons why this is his/her advice,” says Dr. Poulos.

Related Link: [Cosmetic Surgery: How Does It Affect Your Relationship?](#)

6. The consultation is short and lacks professionalism.

The first visit with a plastic surgeon must be a thorough, get-to-know-you session in which both patient and doctor determine if they can work together. Also trust how the overall consultation experience feels to you. Is the staff friendly and welcoming? Was your phone call handled professionally? Did they follow through on getting your promised information? Are they clear about all costs and how

the procedure will go?

7. They've been censured or sued several times.

“Just because a surgeon has faced a malpractice lawsuit doesn't mean they are incompetent. In today's medical climate, even first-rate surgeons are sometimes sued. However, “be wary of a surgeon who has been sued more than a few times or have been censured by the state medical board,” says Poulos.

8. They don't provide before and after photos. If you're interested in a procedure, you should see what the physician can do for you. One of the best ways to see the quality of work is to view before and after photos of their actual patients. If they won't show you any, they may not have enough experience, or success in that particular procedure.

9. When to Consider a Different Aesthetic Surgeon

Dr. Poulos says that, “Searching for a cosmetic surgeon is more manageable when you use a clearly defined system to make the choice. Consider all options and weigh them cautiously. If you're consulting with a cosmetic surgeon and any of the above red-flags come up, consider looking for a different surgeon.”

Beauty Trend: Lip Tints Are The Latest Trend That You Need For Your Next Date Night

By Bre Gajewski

Do you love wearing lip colors, but hate the feeling of lipstick that flakes and rubs off throughout the day? If so, you have to try lip tints!

Beauty Trend: Lip Tints are the latest celebrity look that will give you perfectly kissable lips for your next date night.

Lip tints (or lip stains, as they are sometimes called) are long-lasting lip products that add a little pop of color to top off any look. Lip tints most often come in liquid form and glide on like any other lip gloss or liquid lipstick; however, the color actually stains your lips!

After the outer, watery-layer evaporates from your lips, the color remains all day long. You can go on a coffee date without fear that your lipstick will rub off and stain the mug after every sip. And at the end of the night, you can kiss your date goodbye without fear of transferring the color.

Related Link: [Beauty Tips: Don't Ignore These Cosmetic Procedure Red Flags](#)

You can use lip tints to create different makeup looks as well! One of the most popular looks is the gradient, or ombre, lip. You can achieve this by applying the product to the center of your lips and then pressing the lips together to spread the color slightly outward towards the lip line.

Since these lip tints stain the color of your lips, some of them can be difficult to remove. For those cases, try using an oil to remove the lip tint. We recommend [coconut oil](#)!

Beauty trends are always coming and going but we are sure that lip tints are here to stay for a while, at least as long as the color lasts on your lips!

Beauty Tip: Different Uses for Coconut Oil

By [Jessica Gomez](#)

Coconut oil is one of those ingredients that's magic in a jar, so make sure to always have it around the house! It has many uses, which is partly what makes coconut oil so fantastic. Whether you're using coconut oil as a substitute or using it for something specific, you can count on its aid. This natural ingredient can be used for countless purposes, and here are just a few.

These are six uses to add to your beauty regime. Follow these [beauty tips](#) to get the most out of your coconut oil:

1. To moisturize hair: Coconut oil is great for dry and/or damaged hair. It seals in moisture and softens your hair as well. You can use it two different ways – use it as leave-in conditioner or as a hair mask/ treatment. You can apply a bit of it to help split ends, moisturize, and lock in some shine –

making it look healthy. However, the longer you leave coconut oil in your hair, the better it works. So, you can leave it in anywhere from an hour to overnight. Just make sure to wash your hair thoroughly after to get all the excess oil off.

2. As a body scrub/moisturizer: Mix some coconut oil with sugar or salt to create a natural exfoliant. You can use it on your hands, feet, and body. Put this scrub to work while in the shower to get rid of dead skin cells, leaving room for healthy skin. You can also slather on some coconut oil to moisturize – it will without a doubt leave your skin feeling like a baby's.

3. To shave: Ran out of shaving cream or just want to replace it altogether? For a smooth, close shave you can use coconut oil. It will allow the blade to easily glide over your skin, leaving it extra smooth. No cuts, soft skin. Another tip: make sure to always keep your razors clean and fairly new. Once they start getting dull, time to throw 'em away and get some new ones. This will allow a better shave and will avoid the buildup of bacteria.

4. As a lip balm: If coconut oil can soften your hair and skin, why not your lips? You can use coconut oil on the regular or as a treatment. It will leave your lips soft and smooth. Say goodbye to cracked, chapped lips – say hello to luscious lips!

5. As night cream... and even eye cream: Coconut oil is gentle enough for the sensitive skin around your eyes, making it an even better ingredient. Coconut oil helps with fine lines and under-eye bags, so it's time to add it to your beauty regime! Obviously, coconut oil works hard so you don't.

6. To remove makeup: Removing your makeup should not be neglected if you want better skin. You can use coconut oil to remove makeup, while at the same time allowing it to nourish your skin – giving it moisture and helping with fine lines. Just mix some of it with water and rub it on your face gently, removing all the makeup, and then rinse and wash your face afterward. Your face will be makeup-free, clean, and smooth.

As you can now see, it is essential to have coconut oil at home for its many uses. It can not only help you in the beauty department, but it can also replace so many other products. Which way do you plan on using it first?

Beauty Advice: Beauty Tricks That Will Save You Money

By [Jessica Gomez](#)

The beauty industry makes a ton of money, a lot of it due to high-demand products, many of which are pretty expensive. Not all of us have the luxury of buying all of the products we want and need unfortunately. Luckily, Cupid has some [beauty advice](#) for you that will save you some bucks while retaining every part of your beauty regime!

Here are five beauty tricks that will save you money and keep you looking good:

1. Wrinkle creams: Wrinkle cream and eye wrinkle cream are sometimes necessities. But, guess what? If you don't have the cash right now to buy both, buying only eye wrinkle cream is the way to go. The skin around your eye is very thin and sensitive, and eye wrinkle cream is especially made for that area. And because eye wrinkle cream is light and sensitive, you can also use it on your face! So, it's perfect to use on

laugh/frown lines as well.

2. Blush: Oh no! You want rosy cheeks, but you ran out of blush! Have no fear; lipstick can come and save the day. Choose a lipstick with the color you want on your cheeks, and rub a very small amount of it in. Viola! You now have rosy cheeks without needing an extra beauty product. Lipstick being used on both your lips and cheeks is super resourceful!

Related Link: [Beauty Tips: Best Anti-Aging Ingredients](#)

3. Lip exfoliator: You don't need to buy a pricey beauty product to keep your lips soft and looking great. In fact, you can just use a product that we are 100% sure you have at home: a toothbrush. Yeah, you read that right! Use a toothbrush to exfoliate your lips. You can apply Vaseline or lip balm to your lips and then use the brush to exfoliate them. Ideally, you want a separate toothbrush for this, but if you don't have one, you can just make sure to clean the brush thoroughly after using it.

4. Shaving: You're in desperate need of a shave, and you have no shaving cream. Many of us will use soap as a substitute, but two products that work well are coconut oil and even your hair conditioner! Both of these products will help you have a close, smooth shave.

Related Link: [Beauty Trend: 5 Life Triggers that Inspire Bold Beauty Transformations](#)

5. Makeup remover: Removing your makeup is very important and is a duty that should not be neglected. Instead of buying makeup remover, or if you just ran out, you can use coconut oil. Just mix some of it with water and rub it on your face gently, removing all the makeup, and then rinse and wash your face afterward. Your face will be makeup-free, clean, and smooth. Coconut oil is a product that we should all have at home, because it has tons of uses!

Beauty Tips: Best Mascara Types In The Game

By Rhodesia Williams

Beauty comes in all shapes, colors and sizes which can be exciting when you are into fashion and [beauty trends](#). Mascara is the finishing touches to your masterpiece. There are so many types of mascaras that it's often tough to choose which one is best.

While moisturizing your lashes are important, sometimes the occasion calls for a different type of mascara. This beauty trend will go over the top 3 types of mascaras to use.

1. Thickening/Volumizing: Everyone wants their eye lashes to look long and full. Mascara that promotes fuller lashes are often made up of special components to get that full effect. When buying these types of mascaras, the brushes used can vary and also make all the difference. Every company is different, so you have to not only find the mascara that fits you, but that also has the brush you like. Often these types also include lengthening as part of the formula.

Related Link: [Beauty Tips: Romantic Make-Up Looks for Valentine's Day](#)

2. Smudge-proof: Smudge-proof mascara is a gift from the heavens. This is a mascara you can apply and forget about having it on. This is the bullet proof vest of mascaras, but of course it comes with a few cons. For one, you will need a make-up remover, preferably oil based, just to get it off. Also, because the mascara is made to stay on, it will unfortunately dry out your lashes as a result. This mascara isn't really for every day use, but it is still good to have in your stash just in case.

Related Link: [Beauty Trend: Best Drugstore Eyeshadow Palettes](#)

3. Zero clumps: It's super annoying when you are applying mascara and end up with a clump on your eyelash. Then, you have to fight to get rid of it, which can end up messing up

everything else. Obviously a great buy would be a mascara with zero clumps. Because the formula will be more oil based, you may run into smudging or running but that's okay. Nobody wants clumpy lashes.

What are some of your top types of Mascaras? Share below.

Beauty Tips: How to Treat Oily Skin

By [Haley Lerner](#)

Sometimes, your skin can really do its best to frustrate you to no end. Perfect skin is nearly impossible to achieve, and

dealing with skincare issues can be incredibly trying. One of the most annoying skincare dilemmas is oily skin. No matter how much matte powder you put on your face, sometimes it's difficult to avoid. Oily skin results from the overproduction of sebum from sebaceous glands under the skin's surface. While sebum can help protect and moisturize your skin, too much of it can lead to oily skin, clogged pores and annoying acne. Luckily, we've got the [beauty tips](#) to help solve your oily skin problems and give you the [celebrity look](#) you deserve.

Check out our beauty tips on how to combat oily skin!

1. Find the perfect face wash: The first step to battling oily skin is to make sure you have an effective way of cleaning your face. Sometimes, oil cleansers can actually help greasy skin. The oil in the cleanser can attract your skin's sebum and rinse it away. You can also go for a face wash containing salicylic acid that will exfoliate your face and help your oily skin. You should also make sure to wash your face twice a day.

2. Moisturize: It might seem weird to combat oily skin with more moisture, but it's actually a really important step. Moisturizer can keep the skin's barrier intact and prevent more oil build up on the outside. But, opt for an oil-free moisturizer without any heavy ingredients that will clog your pores.

Related Link: [Beauty Trend: Why Korean Beauty Products Are So Popular](#)

3. Be careful with makeup: Obviously, the best way to help your oily skin is by going makeup free, but sometimes that isn't an option. So, it's important you avoid any foundations that are heavy and will clog your pores. Go for a product that

has a light texture and has a matte finish. A good matte powder can also go a long way in minimizing your oily skin.

4. Blotting papers: Even if you follow a strict skincare regimen, your skin can still get oily during the day no matter what. That's why you should always keep blotting papers in your purse for an emergency fix. Blotting papers can help you blot any excess oil from your face and are the perfect summer must-have.

Related Link: [Beauty Tips: Best Anti-Aging Ingredients](#)

5. Talk to a dermatologist: Sometimes, no matter how many products you try, it may seem like there's nothing to help your skin. Instead of struggling, consult an expert. Visit a dermatologist so they can look at your skin and figure out what type of treatment is right for you.

Beauty Trend: Why Korean Beauty Products Are So Popular

Like in most places, men and women in Korea are very conscious of their appearance and looks. As part of Korean culture, they aspire to be urban and sophisticated, combined with classic Asian conservative values. Skincare is a part of their routine at an early age, regardless of gender, so this becomes second nature to them. Good skincare in Korea is available to everyone, and one can easily find multiple shops around the corner to find the best products. For instance, products like [Sulwhasoo](#) specialize in high-quality cosmetics that complement the Koreans' everyday skincare routines.

In Korea, taking care of your skin is not so difficult because of the entire culture that was built around beauty and skincare. Aside from the cultural factors, however,

here are some of the reasons why Korean skin products are so popular:

1. Korean skincare products are popular because Koreans tend to have beautiful skin.

It is natural for people to use products where they see good results. Many of those from Korea have impeccable routines in maintaining their skin. With this maintenance, they spend a good chunk of their income on skincare and beauty products. Korean women spend around twice the amount of money on them as the average American woman, and Korean men also tend to spend more money on their skincare compared to men in other countries.

2. Korean beauty product manufacturers always create new and improved products.

Because of the high demand from the Korean population, companies have created more competitive products with better arguably better formulas. They invest a lot of time, money and effort into their product development, as the population is always ready to try the latest breakthroughs.

Manufacturers seek out new ingredients to enhance the skincare properties of their products, and they give out freebies and samples on the street. These companies are confident in their creations because they use quality botanical ingredients.

3. These products have been created with strict quality control to be able to produce the best quality products for consumers.

They make it sure that these products won't create any problems with the consumers, as they are so strict with the quality. Because of the intense competition among companies,

they also make sure that the price is affordable for everyone and with good results. Due to the high demand in their own country, the rest of the world is blessed with affordable Korean beauty products.

4. Manufacturers produce skin products for all kinds of skin types and problems.

Korean companies make sure that their products are useful and helpful for the consumers. Each individual has their own skin problems, so Korean beauty companies try to create skincare for all types of skin problems in order to try to find a possible niche for marketing purposes. Because of the dedication to pursuing and solving all types of issues, a lot of Korean products are known for being hypoallergenic, organic and safe to use.

5. Manufacturers are aiming not to change natural beauty, but to enhance it.

Korean products are known for their light pigmentation. There will only be a slight difference on your face when you're wearing Korean makeup and when you aren't. What this means is that if you have skin problems and you aren't on any skin care routine, the products won't do anything to hide your existing skin issues. The memes about people looking really different with and without makeup won't apply to someone who's wearing Korean beauty products.

Celebrity Beauty Secrets:

Jade Rollers Will Change Your Life!

By [Haley Lerner](#)

Sometimes, no matter how much makeup you put on, you can still end up with visible deep under eye circles and a puffy face. Luckily, we've got the perfect [beauty secrets](#) to help you solve your problems. Jade rollers are the newest [beauty trend](#) that will totally change your life. The jade roller is a handheld massaging tool that's made from solid jade stone, typically with one or two jade stone heads. A larger stone is used for the cheeks, jaw and forehead and a smaller stone is used for under the eyes and around the mouth. Jade rollers help decrease puffiness and under eye circles and even minimize the appearance of fine lines. Trust us, a jade roller will be your new favorite beauty tool!

Check out our beauty secrets on how to use a jade roller and how it will help you.

1. Pop your roller in the fridge: Before doing anything, try storing your jade roller in the fridge every night. This way when you use it you'll have an extra cooling sensation that will help reduce swelling even more.

2. Clean and moisturize: Before using your jade roller, it's important your skin has been cleaned with a gentle face wash to remove all dirt and oil. Then, apply a moisturizer or face serum so your jade roller has a smooth surface to work on.

Related Link: [Product Review: Glow and Catch that Cutie's Eyes with This Ancient Beauty Trick](#)

3. Time to roll: Once you're ready, use the larger jade roller stone with gentle pressure, rolling it from the center of your face in upward and outward motions. Roll it on your neck, jawline, nose, chin and forehead. This will boost blood circulation to make your face more plump, firm and awake looking.

4. Focus on the details: Make sure to hit the smaller areas of your face with the smaller roller stone. Use it on your under-eye area and around your mouth. Using the roller to massage your face will then remove excess fluid under your eyes and constrict blood vessels to lessen swelling.

5. Clean your roller: You don't want any bacteria floating around on your jade roller, so after using it make sure to wipe it off gently with a damp cloth then dry it with a soft towel. Make sure not to use any hot water on the jade and

don't ever submerge it in water.

Beauty Tips: Best Types of Bronzers to Give You a Sunkissed Glow

By [Jessica Gomez](#)

Oh, bronzers, aren't they great? There are different types, so some may be better for achieving that sunkissed glow better than others. Ideally, we want to use bronzers that are natural and cruelty free. Why? Because natural ingredients are better for your skin and because it's a product that was not tested on an innocent animal. Who doesn't want a fully good product? There are two types of bronzers that are best to use in order to

look sunkissed and majestic.

Here is our [beauty tip](#), use these following bronzers to achieve that beached goddess glow you're aiming for (for all budget types):

Shimmer Bronzer: This can help you achieve a radiant, natural glowing skin look because these types of bronzers are meant to highlight the skin. BH Cosmetics has a cruelty free [shimmer bronzer palette](#). It comes in four shimmery shades, which is good for a range of skin tones. This product is also good for sensitive skin types due to the natural ingredients. It just works well to highlight the features you want while also contouring fiercely. Make sure to be careful though, because it's easy to go overboard. Also, ideally you would not want to put this bronzer on certain imperfections like blemishes because the light-reflecting particles in the bronzer will bring them out.

Sheer Bronzer: It's subtle. This type of bronzers can give you an all-over glow. They are also easier to use in the sense that you won't go overboard. You are able to achieve an overall natural look without worrying about having extra color or it looking too shimmery. Dr. Hauschka is a certified organic and ethical brand. Their [bronzing powder compact](#) is a good one for those who have loose hand with makeup or want to achieve an overall sunkissed look versus specific parts of the face. [Urban Decay Beached Bronzer](#) is also a very nice one to use for the glowing goddess vibe.

Celebrity Makeup Looks: The Benefits of No-Makeup Makeup

By [Haley Lerner](#)

No-makeup makeup is the perfect [celebrity makeup look](#) for summer when you're not looking to go bare, but also don't want to cake on a whole face of beauty products. No-makeup makeup fools others into thinking that you have the most flawless, glowing skin naturally. This will hide your under-eye circles and small blemishes. This makeup look does take time and precision, but luckily, we have the [beauty tips](#) to help you get the look.

Check out these beauty tips to help you achieve the perfect no-makeup makeup look!

1. Cover-up lightly: The key to a flawless no-makeup makeup look is a very light base on your face. Ditch a heavy foundation and opt for a tinted moisturizer or BB cream. Or, skip the foundation all together and cover up your blemishes with a liquid concealer applied with a small, flat brush. Matten any shininess in your T-zone with a translucent powder.

2. Cream eyeshadow and blush: A neutral-toned cream eyeshadow will help brighten your eye area. Go for a shade that has a touch of shimmer in it to give your eyes some subtle sparkle. You can simply use your ring finger to blend the cream shadow up from your lash line, faded towards your brows. To give yourself a natural rosy flush, apply a cream blush to your cheeks with your fingers. Start applying it at the apple of your cheeks and then blend back and upward toward your hairline.

3. Subtle lashes and brows: Use an eyelash curler to lift up your lashes and then apply a coat of mascara to your top lashes only to keep it natural. Then, use a clear brow gel to neaten up and shape your brows.

4. Highlight: A natural toned highlighting cream will help give your look the perfect overall glow. Apply highlighter on top of your cheekbones, in the inner corners of your eyes, below your brow bone and on your cupid's bow.

5. Apply tinted balm: Lastly, you want to add a teensy bit of color onto your lips. But, keep the hue natural with a tinted

lip balm that's moisturizing and will give a hint of color to your lips.

Beauty Tips: Give Yourself an At Home Pedicure

By [Haley Lerner](#)

With summer starting, we know you love to rock your cutest flip flops and sandals. But, fun open-toed shoes also mean your feet are going to be on display. So, it's important you pamper your toes so they look cute with your favorite shoes. Sure, you could go to a nail salon to get a pedicure, but where's the fun in that? Plus, it can be super expensive. Instead, we've got the [beauty tips](#) to give yourself the perfect at home pedicure.

Here are some beauty tips to give yourself a relaxing at home pedicure:

1. Soak and scrub: Before even picking out your nail polish, it's important you prepare your feet for their special treatment. First, soak your feet in an Epsom salt-infused bath of warm water for five to ten minutes. You can also add some sea salt or essential oils to take the foot bath to the next level. Then, use a pumice stone or exfoliating foot scrub to buff out your feet. Exfoliate your heels and the bottoms of your feet in a gentle circular motion to remove any dead skin. Then rinse your feet off and pat them dry.

2. Smooth and shape: After your relaxing foot bath, it's important you apply moisturizer to your feet to help lock in moisture and make your skin feel soft. Then, clip and file each toenail into your desired shape and buff out the top of your nails to create a smooth surface for your polish. Also, use a cuticle stick to gently push back your cuticles.

3. Set your base: First, swipe a cotton ball soaked with nail polish remover over each toenail to remove any excess oil, moisture and lotion before painting your nails. Then, apply a thin coat of a clear base polish and let it dry.

4. Time to paint: Pick out your favorite polish color and apply two coats of it to all of your toes. Make sure to wait two minutes between each coat. Also, don't be afraid to take your time so you don't smudge anything!

5. Top it off and dry: Finish off your at-home pedicure by applying a fast-drying top coat to your toenails. Then, put

your feet up, turn on your favorite TV show and let your toes dry for at least an hour to avoid any annoying smudges.

Beauty Trend: Why To Consider Makeup With Sunscreen For Summer

By [Jessica Gomez](#)

A huge beauty tip that you need to know now is to always use sunscreen to protect your skin. With that being said, it is a good thing that using makeup with sunscreen for the summer is a [beauty trend](#), because it's a healthy and important one. There are many benefits from using sunscreen, period, and you would want those even with your makeup. There are many dangers that come from sun damage, and we want to avoid those.

Using makeup with SPF along with sunscreen is a beauty trend now, and here is why:

Ideally, you should always use a sunscreen with SPF 30 or greater, and should apply it every two hours to give your skin the protection it needs. Here are a few reasons why you need SPF in your makeup and have to marry it to sunscreen, especially in the summer:

1. The SPF in makeup alone does not protect you: You would need seven to 14 more times the amount of makeup for it to offer the protection sunscreen provides. Also, we sometimes apply sunscreen unevenly, so having makeup with SPF can help you achieve an even layer across your face. It is important to protect your eyes as well, so get yourself an eye cream with SPF.

2. Avoid aging: Using makeup that is natural with SPF is the way to go to avoid getting wrinkly, along with anti-aging skin care products of course. Use the powerful duo of sunscreen and makeup with SPF as an extra defense against wrinkles!

3. Avoid skin cancer: The sun's rays are pretty damaging, which is why it is recommended to use sunscreen always, during all seasons (yes, even in the winter!). Using makeup with SPF is just an extra precaution. So partner these two up to protect yourself and wear them religiously.

How many of you wear makeup with SPF and sunscreen already and how many do not? Comment below!

Product Review: Glow and Catch that Cutie's Eyes with This Ancient Beauty Trick

So, you want to catch the eye of that sweetheart from Accounting? Fear not, because we can help you cop a Victoria's Secret Angel glow with the jade roller, an ancient beauty secret that models swear by! There are a lot of [jade roller benefits](#) that can help you achieve a healthy glow that will surely catch your boo's attention.

A jade roller is the beauty trick you need in your life right now:

A jade roller is a beauty tool used by Chinese women of royal blood way back in the seventh century. Jade is believed to have protective qualities, thus, it is a popular stone until today. The concept and mechanism of the jade roller is basic: an oblong stone is attached to a metal handle and it used to massage the face. You may think it's too simple, but many models and celebrities have already incorporated the jade roller into their beauty rituals. So it's time to catch up with this celebrity beauty product.

What are the benefits of using a Jade Roller? Aside from giving you a selfie-worthy glow, there are many jade roller benefits that will definitely help you get that gorgeous, model-like complexion. The jade roller reduces inflammation and puffiness. The gentle, repetitive massage-like movements done while using it promote lymphatic drainage. Thus, puffiness and inflammation are reduced. It also tightens pores. If you put the jade roller in your fridge a few moments before you use it, it will help tighten pores. Add that to the fact that jade is naturally cool to the touch, and you get the perfect solution to tighten your pores. It helps reduce fine lines and dark under-eye circles. This is also related to lymphatic drainage. Last but not least, it helps in the absorption of skin care products. Models usually use the jade roller after applying skin care products to help the skin absorb them better.

How do you use a jade roller? Adding this product to your skin care routine is very easy. Here are some tips you can do to maximize your jade roller: Start massaging at the center of your face, under your cheeks and towards your hairline. Then, move down towards your jawbone starting from your chin, towards your ears. Lastly, it is best to finish with the sides

of the neck towards the center of the clavicle. Do this for around two to three minutes. We highly recommend that you apply your moisturizer before using the jade roller. The jade roller will help skincare products penetrate your skin better. Relax, and enjoy the massage.

To make the most out of jade roller benefits, you must incorporate it to your regular skin care rituals. A good skin care routine will help you achieve a healthy glow that will definitely catch your crush's eyes. Be confident in your skin, take that selfie, and don't hesitate to smile. You'll get them on their knees in no time!
