In [celebrity news](#), basketball player Tristan Thompson is tired of hearing that he cheated on [Khloe Kardashian](#). Over a month ago, footage emerged of Thompson with multiple other women while Kardashian was still pregnant. A source told *Us Weekly*, "Tristan is completely emotionally and physically exhausted from the cheating allegations and of course the playoffs. He is focused on winning a championship for Cleveland." Kardashian gave birth to her [celebrity baby](#) with the Cleveland

Cavaliers player on April 12, just two days after the cheating rumors came to light. The new parents are apparently “fighting constantly” and an insider told *Us Weekly* that Kardashian “doesn’t know how she’s going to rebuild trust in him.”

In celebrity news, Khloe Kardashian’s boyfriend Tristan Thompson is tired from dealing with cheating allegations. What are some signs that your partner is being unfaithful?

Cupid’s Advice:

Being cheated on is a completely awful experience. Cupid has some signs to tell if your partner isn’t being faithful:

1. They’re keeping secrets: If your partner is hiding things from you, it definitely means there’s something up. Relationships should be open and honest and it’s not right if your companion is refusing to talk to you about certain things. But, it doesn’t necessarily mean that you’re being cheated on, it could be something else your beau is hiding, so make sure to talk to him or her about it.

2. Your partner seems bored: Less intimacy and connection in a relationship could be a sign that there is some infidelity going on. If your beau seems to lack interest in spending time with you, it could be a signal that they have been seeking comfort elsewhere.

3. Constant fighting: Sure, the occasional fight is normal, but if your partner is constantly trying to pick fights with you, it could be because they are trying to validate their reason for cheating (as in they want to believe your relationship is already on the rocks). If your beau is being constantly defensive and looking for ways to start conflict, then they could potentially be cheating on you.

There may be a new celebrity couple in Hollywood! What are some ways to

keep your budding relationship on the down-low?

Cupid's Advice:

When entering into a new relationship, your first instinct is to show off your new reason to smile. In a time where social media runs society, it may not be the best idea. Cupid has some advice on how to keep your budding relationship on the down-low, at least initially:

1. Stay off social media: Do yourself a favor and stay off of social media! Give the relationship a chance to grow naturally before bringing in outside forces. While people will always have something to say, staying off of social media cuts out all of the chatter that could potentially ruin this new found relationship.

2. Keep it to yourselves: This new relationship should just include you and the other person. Keeping things quiet can help build the strong foundation needed for a relationship. There is no need to bring any outsiders into what you two have started building; this will also keep your relationship on the down low. Why have everyone in your business from the very beginning?

3. Deny, deny, deny: While lying is generally considered wrong, if you both agree that you want to keep things private, denying you're in a relationship could be the solution. When seen together, you can explain that you're out as friends. Granted, at some point people won't believe you, but to keep

things low key in the beginning, it may help.

1. Think about why you two broke up: Before reuniting with an old flame, it's important to consider why you broke up with your partner in the first place. There are reasons you and your ex-beau ended things, and it's important you remember them. If the problems are still there, it's likely getting back together will lead you to more heartbreak. Cupid's Advice:

Every person is different and so is every situation. You can take the advice of others, but at the end of the day the choice is yours. Cupid has some [relationship advice](#) on things to consider before deciding whether to forgive your significant other or not:

1. Can you truly forgive them?: Forgiving them means accepting the situation and their apology, and moving on from it. It means that all the fighting about the problem happens before the forgiveness. There is no point in saying you will forgive your partner, if the problem will keep popping up in the future. So, analyze and evaluate whether you can actually forgive them or not.

2. Have you given yourself enough time?: Depending on the situation, you may need a little time or a lot of time to think things over. Don't make any impulsive decisions. Don't rush, take the time you need. You need time to decide whether what your partner did is something you can forgive, and if so, how will you move on from it then.

Every couple needs space, some more than others. It really all depends on who the people are. Missing someone can actually be a good thing though. Cupid has some benefits to missing your other half:

1. Distance does make the heart grow fonder: When you miss someone, you get that warm feeling inside that makes you think about how much you love them. This can stir up some cute and/or sexy texts, phone calls, or video chats. Embrace the distance instead of completely hating it. And when you see each other again, it's on, let the in-person loving resume.

2. You'll have more to talk about: Don't get us wrong, when the right people are together, they never run out of things to discuss. However, when you're away from the other person, you obviously have more to tell. This is a good opportunity to also work on your story-telling skills!

Sometimes when others find out about the problems in our relationships, they can't help but chime in with their thoughts. Here are a few ways to avoid acknowledging their opinions:

1. Know where you stand: If you are unsure where you and your significant other stand, the comments others make will most likely affect you. Don't be afraid to take people's opinions into consideration. But, if that isn't what you want, then you have to come to a decision on the situation and stick to it – be sure about it – so you can better ignore the negativity people hurl at you.

There is no right or wrong answer, but here are some signs that it might not be too bad if you got back together with your ex:

1. Your relationship was not toxic: After you have had enough time to reflect on your past relationship, you may come to the conclusion that it was truly a wonderful time. Make sure you are not blinded by a toxic relationship and then throw yourself back into that same sticky situation. If you have a clear view that maybe it just wasn't the right time to be together with your partner but you want to try again now, then go for it.

Cupid’s Advice:

Some past flames are not worth a second chance, but some relationships do end on a note where time can do the pair well. If this is the case for you, here are some benefits as to why giving it a second go is a good idea:

1. You already know one another: Although people sometimes change, you already know things about your partner and the relationship you had. This can give you a sense of comfort and trust. You both hopefully learned the same lesson from the first time as well. It will also be nice to get to know any new sides of them that they developed during your time apart.

2. You know what didn’t work before: So now you can make it better. You will face new problems, just hopefully not the old ones.

Cupid's Advice:

Cupid has some [relationship advice](#) for you! Certain things aren't black and white. There are red flags that can insinuate that your partner may be cheating, but there is no fool proof way of knowing without hard evidence. The important thing is to not jump to conclusions right away. However, there are some things that you just shouldn't ignore, and here they are:

1. They're extra secretive with their phone: One thing is wanting to protect your privacy, but it is a whole other thing to guard your phone with your life when around your significant other. If your partner pulls away whenever they're texting or typing in their phone code, or they take their phone everywhere they go every single time – then this is a red flag. Something may be up.

2. They've become distant: When the vibe just isn't the same anymore, something is up. People don't just pull away from their loved ones for no reason. The reason may or may not be cheating, but there is definitely something going on that needs attention and should be fixed quick.

He hates pictures, he hates this fame life. He likes to be quiet and reserved, which humbles me.” Snooki adds that she loves her husband to death and he’s her best friend; he is just a little shy.

There’s no truth to these celebrity divorce rumors! What are some ways to keep negative rumors from affecting your relationship?

Cupid’s Advice:

Sometimes it is beyond our control when negative rumors start to arise in regards to your own relationship. The most important thing to do is stay calm and laugh at the silliness of these rumors. Although, it is important to make sure that this gossip doesn’t get into you and your partners heads. Here are some ways to keep negative rumors from affecting your relationship:

1. Show affection: Make sure your partner knows that there is no truth to these rumors. If there is a rumor going around that you and your partner are going to split, your partner may think that you might have told people that you want to break-up and that is why these rumors are going around. Although, that is probably not the case. Ensure that your partner feels secure despite these unsatisfactory lies that are stirring. Show them that you love them so much and all that matters is that you two know the truth.

2. Be open and honest: As we know, communication is key. Respond quickly. Before the rumors get to a very negative point, communicate the truth to the people you associate with. If you are open and honest in the first place, hopefully rumors won't even begin to occur. Sometimes though, people just honestly enjoy making up stuff. You can only do so much to prevent them.

3. Take the higher moral ground: Even though you and your partner may be upset about these rumors being spread, don't stoop to their level. It may be tempting to begin spreading other rumors because you feel upset that there are rumors being spread about you. This will just create more chaos and strain on your relationship and life in general. We cannot control what others do, but we can control our reactions. Be positive and remember that everything is going to be okay. As long as you and your partner love and support each other, these rumors should not be detrimental to your relationship.

Take a step back and think about how you want yourself to be portrayed in order for you to potentially start a relationship with the person you fancy. Here are some good tips on how to woo your crush from the start:

Celebrity News: Melania Trump Is 'Very, Very Unhappy with Her Life'

In [celebrity news](#), Melania Trump is living in an unhappy marriage to President Donald Trump, according to a source. It seems the [celebrity couple](#) has been going through a rough patch recently due to Trump's alleged affairs coming to light. Playboy model Karen McDougal and adult film star Stormy Daniels (also known by her real name Stephanie Clifford) both came forward about their affairs with the President. According

to [UsMagazine.com](https://www.usmagazine.com), Stephanie Grisham, a spokesperson for the first lady, said that after all of the drama, Melania “is focused on being a mom and is quite enjoying spring break at Mar-a-Lago while working on future projects.” But behind closed doors, Melania is apparently feeling the heat because “all eyes are on her relationship with her husband. It’s not an easy time for her,” according to Grisham. Are we sensing a celebrity divorce coming, or is Melania Trump going to tough it out? We’ll keep you posted!

In celebrity news, it looks like the First Lady isn’t very happy with her life at the moment. What are some ways to communicate that you are unhappy to your partner?

Cupid’s Advice:

Effective communication is essential in all relationships. When you’re unhappy, you must talk to your partner in order for you both to move forward. Cupid has some [relationship advice](#):

1. Speak in person: Do not talk about something this serious over text message or on the phone. If you have no other choice, then talk on the phone. The reason why speaking in person is better is not only because it’s intimate, but also because you get to see their face while hearing their tone at the same time. Speaking on the phone, and texting especially, can cause miscommunication.

Related Link: [Bella Thorne & Patrick Schwarzenegger Dish on Relationship Deal Breakers](#)

2. Choose the right time and go for it: Don’t beat around the

bush. You have to say how you feel, and try to choose the right time. A time when neither of you are in a bad mood works best because the conversation will most likely be productive. Also, you have to make sure that there is enough time to have a discussion. When it comes to a problem like being unhappy, that is no 10-minute conversation.

3. Don't sugar coat: You have to be straight up if you intend on getting anywhere. If you try to make things nicer and sweeter than they really are, you'll just be misleading your partner. You need them to understand exactly how you feel if there's going to be any chance of you both fixing the issue at hand. Don't be aggressive and mean either. Just find a good in between and go for it. Don't be scared or shy.

5 Things We Can Learn from Justin Bieber & Selena Gomez's Rocky Relationship

B

y Ashton Dixey

There are a lot of beautiful [celebrity couples](#) out there, but there is one in particular that we've all come to admire and treasure: [Justin Bieber](#) and [Selena Gomez](#). Society has perhaps learned more from observing their dating story than we could from reading a [relationship book](#)! Although they're currently on a break right now, that doesn't mean that we can't learn from this super cute couple.

Read on to learn more about the five things that celebrity couple Justin Bieber and Selena Gomez taught us about relationships:

1. First loves are the hardest to get over: Justin Bieber was only 16 and Selena Gomez was 18 when they both started dating each other. Fresh faced and in love, these two went everywhere together and were spotted packing on the PDA in full swing.

Fast forward eight years later (past all of the drama) and these two are still in touch trying to make things work. It seemed like Bieber never fully recovered once Gomez and him broke-up. Gomez even wrote a song about it called "The Heart Wants What It Wants." Be careful who you fall in love with for the first time because that first break-up is the toughest to recover from.

2. Learn to be okay alone: It seemed as if these two kind-of lost their balance when they had their [celebrity break-up](#). One ended up in rehab and the other was caught peeing in random wash buckets in California. Be sure you are okay with who you are as a person inside so you can move on without racking up 20 tattoos on your neck to try and burn away the pain. One month shortly after the break-up, Justin ended up driving drunk without a license, running from the cops, and even egging his neighbor's house. When you go through a break-up, don't lose touch with yourself. Now is the perfect time to rediscover the greatness within you. Stay in touch with friends and family that truly support you so you can talk through your emotions instead of acting impulsively.

Related Link: [Celebrity Break-Ups: Find Out Why Justin Bieber & Selena Gomez Are Taking a Break](#)

3. Keep a cool head after a break-up: Sometimes it feels really good to go on social media and unfollow your ex-boyfriend or girlfriend. Or, it might be fun to go out with a random person for the night and post pictures of yourself and them kissing. Although this may relieve the pain for a bit, it is not the best idea. Bieber put fuel on the Jelena rumor fires when he unfollowed Gomez and started posting steamy pictures of himself and other girls on Instagram. There was somewhat of an Instagram war occurring between the two. Try your best to keep a cool head after you break-up and don't do anything you'll regret. If you do end up back together at some point, you don't want to do anything that might spoil the relationship for the future. Collect yourself, you got this!

4. Rebounds don't work: If you're trying to get over an ex, it can be tempting to find someone that's available and willing to jump into a relationship with you. But when your heart is still reeling from wanting to be with your ex-lover, this can be a very bad decision. Instead of facing the pain, you're pouring it into a new relationship and settling to boot. Gomez ended up dating The Weeknd for about eight months before she ended up back in Bieber's arms after a sweet bicycle trip that turned out to be an awesome [date idea](#). As much as you try to forget that person that you're still in love with, it won't be easy, and it certainly won't be fair for the person who's serving as your rebound.

5. If at first you don't succeed, try try again: Throughout Bieber and Gomez's rocky relationship, it seems that Bieber had tried to win Gomez back many times. From serenading her at a hotel in Beverly Hills, to posting photos complimenting Gomez on his Instagram, he tried and tried again to win her back. After several years of trying, it worked! They got officially back together and even made it Instagram official this month. If there's anything to learn here it's that true love never dies and that if there's someone you know you're supposed to be with, it makes sense to fight for their love. Bieber did it for Gomez and even though they are on a break right now, true love is always worth fighting for.

Celebrity News: Bella Thorne & Patrick Schwarzenegger Dish on Relationship Deal Breakers

B

y [Jessica Gomez](#)

In [celebrity news](#), Bella Thorne and Patrick Schwarzenegger shared their thoughts on what makes and breaks a relationship, and it's good advice! Thorne and Schwarzenegger, who star in *Midnight Sun* which premiered on Friday, opened up about how their first crushes were the ones that taught them about their relationship wants and deal breakers. According to [UsMagazine.com](#), Thorne said: "If you're dating someone that's not going to motivate you or encourage you, don't date them. You should straight up just be out of the relationship right then and there. I dated somebody and sent him a song that I

recorded and he was like, 'This is honestly not very good at all. I'm sorry. I kind of hate this song. You sound awful.' I was like, 'That feels like s-t. That hurts on the inside, man.' "It's the worst thing when you're dating somebody who is just like, 'You're sh-t.'" Schwarzenegger agrees. "I think that having a significant other is meant to make you a better person and bring out the best in you and you bring out the best in them, he explains. "It's about surrounding yourself with people that root for you and expect more from you. I think those are the types of people you want to surround yourself with." Yep, that is good [love advice](#)!

In celebrity news, 'Midnight Sun' actors Bella and Patrick talk things that make or break relationships. What are three things that can be considered a relationship deal breaker?

Cupid's Advice:

Many things can break a relationship, here are three we think are on the top of the list:

1. Cheating: Infidelity is a big one. It is a big betrayal, and it is deceitful as well. It ruins trusts, too. However, some couples are able to work through an indiscretion like cheating – but then again, many others can't. Cheating is a big deal breaker that many of us choose to not deal with.

2. Lack of trust: Cheating is not the only thing that can

break trust. And sometimes, trust is just not there from the beginning either. In any relationship, it is important to have trust, if there isn't any you're headed for an extremely rocky road. Do yourself a favor, and work on this big issue before it gets worse, because it can definitely be a deal breaker.

3. No common ground: In a romantic relationship, you need to have things in common. No, you do not need to have everything or even most things in common, but you do need a base for the foundation you're building. It's okay to have differences, but after everything, you should have things in common to keep the relationship going. There isn't a choice for "inconsolable differences" on divorce papers for nothing!
