Cupid's Advice:

Everyone is different, and they have different things that they are attracted to. While one person may be all about one thing, another could feel the exact opposite. Here are a few ways you can be attracted to someone:

1. Looks: Although some people may deny it, the first thing we notice about someone is the way they look. You can be drawn in immediately by their eyes, hair or even their style. If you are intrigued by someones style, what they wear or the way they carry themselves, it is easy to be attracted to the person as a whole. So, if looks are your thing, then flaunt what you got!

2. Intellect: To many people, looks are not everything. They need to feel intellectually stimulated by someone in order to feel attracted to them. shy away from showing off your nerdy side.

3. Personality: In the end, personality reigns supreme over all other forms of attraction. Having a good personality, can make anyone's feelings about you turn a full 180 and make them like you even more. On the flip side, if they were at first attracted to your looks or your brain, having a poor personality can make them want nothing to do with you.

In celebrity news, this dad is not thrilled at his daughter's rumored love life. What are some ways to deal if your parents aren't fond of your partner?

Cupid's Advice:

When starting a new relationship, it is important to have support from those you love, especially your family. However,

your parents may not always like the person you bring home. Here are a few ways to handle a situation like that:

1. Talk with them: Many times, the reason your parents don't like your partner is because they don't know anything about them. If your parents have heard rumors about them, only know about their past, or are making predetermined judgments of any kind, then they simply need to get to know your partner. Sit down with your parents and let them know how much you care about your partner and explain why. Often times, when they realize how much you like the relationship they come around.

2. Compromise: Sometimes the best thing to do when your parents dislike your partner is to compromise. If they have an issue with your partner coming to major family events, then don't bring them along. However, make your parents understand that it is important to you that your partner comes over to family night once in a while. This way, your partner still gets to be apart of your family dynamic, without impeding on your parents wishes

3. Accept it: You can't force people to like each other and sometimes there is just nothing you can do. If your parents are dead set on not liking your partner, you will have to accept the situation as it is, and move on. As long as your parents understand that you and your partner are happy, and your relationship is important, then it shouldn't matter what they think.

1. Reflect on the past: Although when you look back on the
