# you're ready to enter the dating scene again after tragedy strikes?

## Cupid's Advice:

We all hope to find true love one day, especially after experiencing a tragedy. There are going to be times where love is not going to work out the way we hope. Unfortunately, this happens to many people more frequently than desired. However, you should always remember that there is somebody out there for everybody, and it's the matter of patiently waiting your turn. Cupid has some advice for you:

**1. Are you happy by yourself?:** This means, are you happy without the addition of someone else in your life? One should be able to enjoy their life as an individual before dating. This allows you to open your heart to other possibilities instead of trying to fill an empty hole in your heart by using someone else.

**2. Are your emotions truly ready?:** Your emotions can make a big difference when it comes to whether you're ready to date again. **1. You should enjoy kissing your partner:** Kissing, especially in a new relationship, should make you happy. You should be in a great mood and smile after getting a kiss from your partner. If you are not talking about your kiss years after it happens like Henderson, then there might be a lack of chemistry.

get better as the relationship grows and you are more comfortable communicating with each other. Or even better yet, you can start communicating earlier about this in the relationship. However, if you are not feeling sparks, this is an indicator that there might be something lacking, so pay close attention to that.

## **We’re pretty sure this celebrity news may have something to do with new love Gwen Stefani. How do you know if your new relationship has staying power?**

### **Cupid’s Advice:**

The unconditional bliss of a new relationship can make it hard to tell whether you’re happy because your significant other is the one, or just because it is something new and fresh. While the future of a relationship can be unpredictable, if you look hard enough there are signs that can help reveal the success of your budding romance. Cupid is here to help you decide if your new partner will be a lasting one:

**1. You always laugh together:** Laughter stimulates the release of feel-good hormones, thus pushing us towards a happier mood. Being in a significantly good mood around your new love will surely reap many benefits. Also, if you and your partner have the same sense of humor then that’s a good sign your relationship will never get boring.

**2. You openly communicate:** The first few fights of a relationship can be awkward, but if you both are willing to fully express yourself and feel comfortable arguing with each

other respectfully then that will make your love last. You're guaranteed to argue so if you can figure out a way to politely oppose each other you are on a good track. If you find your partner intentionally saying things to hurt you then that's a recipe for disaster.
