There's not one right answer to how to handle yourself after the divorce. Cupid has steps you can take to move on immediately after a split:

**1. Take some time to heal:** Everyone handles a break-up differently, but we all can agree that we will miss the good times that we had with our partner once its over. It takes time to adjust to this new lifestyle. Don't rush into a new relationship just because you want to get over your partner. Taking things slow will be better to handle the process.

**2. Ask for some space:** Having people constantly asking you about how your divorce is going will not make it any better. Find a decent way to tell them that you are okay, and that you need your privacy at this time. This also can be used for family members. You might not be ready to tell everyone how you're really feeling. If you have children, spend more time with them. The younger ones will have a harder time understanding what is happening.

**3. Find yourself again:** Sometimes when we're in a relationship for so long, we forget what it feels like to do things by ourselves.
