## Celebrity Style: High Waisted Bathing Suits

By [Melissa Lee](#)

Bathing suits can be a tricky item to shop for, regardless of your body type. With all the different styles, cuts and colors, it can feel nearly impossible to hunt down the perfect bathing suit for those days you'll be lounging by the pool. High waisted bathing suits are a style that have been popularized over the past few years. They were originally most fashionable during the 1950s and '60s, but our favorite celebrities have been seen rocking these retro pieces, bringing them back in style.

**Thanks to celebrity style, high waisted bathing suits are all the rage again! Check it out below.**

**1. Printed:** A printed bathing suit will add some fun to your style. Seen on celebs like Vanessa Hudgens, opting for a more eccentric swimsuit would be fun to wear at a pool party. A printed high waisted bikini is especially appropriate for the more colorful girls that want to show their personality through their clothes!

**2. Strappy:** A high waisted bathing suit with strappy details can give a sexy edge. This style is especially flattering, and it can turn a boring swimsuit into something totally unique. Pick up a funky bikini top and pair it with a plain pair of bottoms so there isn't too much going on, and the attention is

immediately geared toward the star of the outfit!

**3. One piece:** Typically, high waisted bathing suits are two-pieces, but there are a million options if you're looking for something full coverage. Lea Michele rocked this adorable one piece bathing suit with a cute cut-out in the middle along with a high neckline. This swimsuit is perfect for the beach, plus it's guaranteed to look amazing on all body types!

**4. Cut outs:** Similar to the vibes [Lea Michele](#) was lending, cut

out bathing suits are super on trend. Small cut outs in your high waisted bikini can give you a slightly sexier edge while still being able to cover up certain parts of your body. Instead of opting for a regular bikini, try out one of these edgier swimsuits.

## Fashion Trend: The '90s Are Back

By [Melissa Lee](#)

In the fashion world, trends always seem to recycle. Those bell-bottom jeans your mom used to rock in the '70s have resurfaced, and 1980s inspired graphic tee-shirts are always in style. But somehow, all the childhood outfits you wore in the '90s are *also* super trendy – that's right, the '90s are back! Between your old hair scrunchies, overalls, and chokers, we are definitely supportive of this fashion trend.

**Not only are the '90s back, but they're here to stay! This fashion trend is giving us major nostalgic vibes.**

**1. Chokers:** Remember when every middle school girl had an array of rainbow chokers around her neck? Well, guess what – they're *still* all the rage. These skin-tight necklaces resurfaced a few years ago and have been super trendy ever since. Chokers are a great way to layer jewelry and give a rather edgy touch to your look.

**2. Overalls:** Someone call Kimmy Gibler because overalls are back! These “onesies” can be worn and styled many different ways, whether it be in total denim from head-to-toe or a cute little overall dress. Either way, they give us flashbacks to rocking a pair on the first day of school. Plus, an added bonus is that it's a one piece, so getting dressed in the

morning is super easy!

**Related Link:** [Dress for Success in These Fashion Trends Fit for a Celebrity Lifestyle](#)

**3. Birkenstocks:** These sandals were seen on everyone during those humid summer days, and they've somehow recycled themselves as a fashion staple. Celebs like Alexa Chung have been spotted styling these, and they actually give your look a cool, relaxed vibe. We're on board!

**4. Crop Tops:** These shirts are a huge modern day fashion necessity, and it's all thanks to '90s pop culture! We can probably thank Cher from *Clueless* for this one. Crop tops are a fun way to show off some skin while still looking chic. They're sold nearly everywhere in every print or pattern imaginable.

**Related Link:** [Fashion Trend: 3 Secrets to Finding the Perfect Dress for a Formal Event](#)

**5. Flannel:** Once seen as a grunge wardrobe essential, flannels are super stylish now and can be worn multiple different ways. Whether they be over-sized or fitted, you can use one to layer during the fall or tie it around your waist for a Jared Leto vibe.

# Fashion Advice: Red Carpet Looks You Can Rock at the Office

By [Melissa Lee](#)

Celebrities seem to look like they're *always* wearing the most stylish pieces. For those of us that tend to look to the stars for fashion inspiration, it may be a little hard to find work appropriate outfits when we're influenced by the red carpet. If you're trying to maintain a balance between fashionable and professional, use your favorite celebs for outfit ideas to uphold that "office chic" vibe.

# If you're in need of some fashion advice, Cupid's here to save the day with some red carpet looks you can rock at the office!

**1. Wide-legged trousers:** Hailing from the '70s, these kinds of pants are making a comeback – especially in the office. Stars like Alessandra Ambrosio and Vanessa Hudgens have been seen rocking wide-legged trousers, making them totally celeb-approved. Pair these pants with a tucked-in blouse or button down and you'll look both stylish and professional when walking around the office.

Vanessa Hudgens is a huge fan of wide-legged pants.

**2. Blazers:** Once seen as a strictly-professional piece, blazers have actually been spotted more and more on the red carpet. With the right shape, blazers can completely transform a rather casual outfit into a work-friendly look. [Kim Kardashian](#) and [Jessica Alba](#) are two celebs that have been spotted wearing blazers numerous times throughout the years.

Stars like Jamie Chung, [Blake Lively](#) and Miranda Kerr have expressed their love for this waist-cinching piece. Rock a pencil skirt by tucking in a flowey button down and you'll be good to go for the day!

**4. Matching Sets:** A modern take on the power suit (made famous by Hillary Clinton, of course) is perfect for the office. Plus, if you're running late for work, matching sets are perfect – all you have to do is find a pair of shoes that work! [Victoria Beckham](#) is notorious for rocking matching sets, whether it be when she's working or just taking a stroll with her family.

You can make several stylish outfits with the same skirt, just by switching up the top, accessories and shoes. As long as it's a proper length, A-Line skirts are a crucial wardrobe piece for any working woman's closet.

By [Marissa Donovan](#)

Have you spent hours online trying to find a new bathing suit? Maybe your body has transformed since you last bought one, or maybe you just want to add another one to your collection. Either way, Cupid has you covered!

**Check out our [fashion advice](#) on choosing the best bathing suit for your body type!**

**Flat Chest and Flat Bottom:** Ruffles and bright colors are your friends! Ruffles can make your chest appear naturally fuller without having to get a bathing suit with extra padding. Bright colors also define the ruffles more than black or white. Find a cheeky cut bikini or swimsuit bottom to show off where your butt lifts, instead of hiding it with a full coverage bathing suit.

## **Fashion Advice: Choose the Perfect Date Night Dress**

By Judy Robinson

Clothes are the portion of your appearance that you actually get to choose. Think of it as personal branding – your clothes should reflect your personality. Your style should appeal to the type of person you want to attract. Your clothes also reflect how you feel at the present moment. If you are feeling

happy, sexy, confident or even tensed; it will all show through how you're dressed and the way you carry it.

## Here are some of my favorite first date fashion tips!

If you are a hipster at heart, wearing a boutique dress may not catch the eye of the kind of person you're trying to attract, so try to pick outfits which truly reflect your personality.

In the day of Tinder and other dating websites, you may be walking into a date with someone that you haven't met yet, so they will be looking at your clothes to get hints on the type of person you are.

**1. High heels:** High heels are an awesome choice for a date if you are comfortable in them. If you can't stand straight or walk in a pair of heels, then they are a big "no" for date night. Your discomfort will show, and it will restrict movement so you may not be able to do much (like go for a walk after dinner). Overall, you'll just make your date very awkward. Tall girls purposely wear flats on dates because they are concerned about being taller than their date. Hey, if you're blessed with long legs, strut your stuff in them heels, girl! Don't worry about looking taller; you should be focusing on looking fabulous yourself. If you feel confident and sexy in a pair of heels, then go for it.

**Related Link:** [Fashion Advice: 3 Secrets to Finding the Perfect Dress for a Formal Event](#)

**2. Wearing sexy, but not feeling it:** Don't go for something too short or too revealing if it causes you to be nervous and uncomfortable. Your clothes should not be adding to your nerves. Find something that looks good and makes you feel

comfortable at the same time. Sundresses in the spring and summer make great options for dates.

**Related Link:** [Retail Therapy: Celebrity Couples Who Shop Together](#)

**3. Being sloppy:** On the other end of the spectrum, there are those who think too much – those that are afraid of coming across as too pushy and completely under-dress. Wearing an oversized sweatshirt over a pair of worn-out jeans and sneakers is great for hanging out with your friends, but it's a different game when you're going on a date. You're hopefully going to want to see the person again, so you might as well put in some effort in the way you're dressed. You don't have to be in a dress if you don't want to be. Slip into your favorite jeans, but pair them with something that looks smart.

**Related Link:** [Date Idea: Dance the Night Away with Your Love](#)

**4. Not matching the occasion:** A major faux pas on your first date is to wear something that is not right for the occasion. Keep in mind where you are meeting up and any possible activities you may do on your first date. Think of the versatility and functionality of the outfit you wear. If you're going somewhere near the beach, you can wear a dress, but stilettos are probably not a good idea – a shift dress with sneakers will work wonderfully.

# Fashion Advice: 3 Secrets to Finding the Perfect Dress for a Formal Event

By Rayne Parvis

Do you have a wedding out of state, red carpet event, gala or other formal occasion that you want to look top notch for? If you hate shopping, you may be overcome with fear and anxiety. Don't panic!

**Follow my three secrets to finding the perfect dress while having a pleasant shopping experience.**

## 1. Do your research:

What will the weather be like? Is it a day or night event? If it's a day event, start with lighter colors. If it's a night

party, shop for the darker colors. I always find it strange when it's a hot summer day and you see ladies sporting a long sleeve black dress. In my opinion, it's just too heavy of a color. In contrast, you'll see pastels being worn on the red carpet at night and they don't seem to pop as well as bright jewel tone colors. In addition, you want to enjoy your evening and not worry about being too hot, cold or uncomfortable.

**Related Link:** [Celebrity Looks: 3 Easy Ways To Dress Like a Celebrity](#)

## **2. Wear the Perfect Shapewear and Undergarments:**

Whether you are smoothing your post baby bod, camouflaging those extra holiday pounds, are a size 2 with a few lumps here and there or want to look 5 -10 pounds slimmer there is a shapewear for everyone. Celebrities of all sizes like Cate Blanchett, Emily Blunt, Oprah, Miley Cyrus, Katherine Heigl, Miranda Lambert, Brooke Shields, Tina Fey all swear by Spanx on the red carpet. When trying on dresses wear the undergarments you will be wearing with the dress. A bad panty or shapewear can make the dress not look as great. Therefore, taking longer to find a flattering fit.

**Related Link:** [Fashion Advice: 'Wow' the Crowd with Color](#)

## **3. Take a Selfie:**

Before you buy that gown, take a selfie from the side, front and back. It's hard for us to see ourselves as the world sees us when we are looking in the mirror. When you take a photo and then look at it you are getting a subjective view. Most formal events have a ton of cameras! You want to make sure the dress is accentuating you and all your favorite parts from every angle.

## Latest Fashion Trend: Anti-Skin

By [Delaney Gilbride](#)

It looks like the days of minimalists may just be coming to an end. According to a recent article by [Bendbulletin.com](#), mini-skirts and crop tops are out while long sleeves, long skirts, and suits are making their Hollywood debut – and women are *all* about it. If the news of this recent [fashion trend](#) is taking you by surprise, you're not the only one. This anti-skin trend has been making its way through fashion subtly but surely throughout the years. Well known celebrities such as [Kourtney Kardashian](#) and [Angelina Jolie](#) have continued to rock the tailored suit look time and time again proving that you don't have to show skin to be utterly sexy. This look has been dominating the runway as high fashion brands such as Gucci and Valentino can't help but clothe their models in elegant dresses that drape over their wrists and ankles – a modest but powerful statement.

## **It's the end of the "naked look" and the beginning of a new era: Female Empowerment**

*Bendbulletin.com* claims that one of the many reasons as to why females are responding so positively to the anti-skin look is because it "rejects the strictures of the male gaze [...] [it's] not about what men want any more, but about what women want." For far too long women have been pressed under the thumbs of powerful men; subordinate and powerless to their patriarchal

control. Women have played the role of the housewife, the mother, the daughter, and an object of desire for men... but only very recently has this gone through a whirlwind of change. This anti-skin trend prioritizes the woman and her needs over that of men. As women have become more active in fighting and marching for their voices to be heard they've taken on this more conservative, political look. It's a statement that men will no longer be able to silence, control, or sexualize women from this point forward.

**Related Link:** [Fashion Advice: 'Wow' the Crowd with Color](#)

The most important part about this trend is that it allows women to feel secure and strong during their every day lives. Renowned fashion designer Michael Kors recently stated: "I am convinced that there is something far more alluring about women wearing things that give them confidence, that don't make them feel as if they have to tug at their hemlines or yank at their straps." Confidence is key in the world of fashion and that's what the anti-skin trend is all about. There's no need to worry about bra straps or whether your shorts keep riding up. There's nothing better than feeling comfortable, secure, and sexy without having to worry about too much skin being shown where you don't want it. Every female is beautiful, strong, and powerful as hell so why not give the anti-skin trend a try? You go girl!

# Fashion Trend: Essential Style Tips for Men to Boost Attraction

By Alexandra Pommett

One of the easiest ways to instantly make your self more attractive is to dress well. It makes sense, since it doesn't require the hard work like inner game of putting yourself out there like approaching. As someone who has very recently gone from having the same wardrobe for seven years, to now insistently buying new items of clothing each month, I strongly believe fashion is singularly one of the bigger factors to remember in all pick-up/seduction scenarios.

**Subscribing to fashion trends is something that needs to become a part of your life, because it's constantly changing, and before you**

**blink, you could be considered “poorly dressed”, but just buying and wearing newer clothes makes you feel better.**

**What really helps:**

1. Look at what the celebrities/friends/etc. you really think are cool and well dressed wear.
2. Don't be 'scared' to try something different, a color you usually don't wear, try on a blouse if you usually wear sweaters.
3. Ask the shopping employees for some help (ask the girls).
4. Try to put some effort in small extra accessories like bracelets, belts, shoelaces, etc.
5. Don't wear too mainstream stuff.
6. Only buy stuff that you really like, if you're doubting, don't buy it unless it's because you are afraid it's “too different” from what you usually wear.

### **Basic Color Matching**

The first principle that you should research is basic color matching...that is going to be essential to having a good style. If you really don't have a clue about how to match colors and really have no interest in fashion whatsoever, then, yeah, I'd recommend taking a girl shopping to help you with this.

Two magazines I highly recommend you subscribe to are GQ ([www.gq.com](http://www.gq.com)) and details ([www.men.style.com/details](http://www.men.style.com/details)). Details is a safe bet every issue because they have a top 10 list of trends to look out for. Reading up on this stuff (as crazy as it may seem) is really key to staying in the loop because you will pick up what trends are really hot for the season and which are just having their moment.

As for buying stuff on a budget: Check out the ready-to-wear shops like GAP, J.Crew and H&M for stuff you see in a magazine, but at a much cheaper price. Obviously, everything isn't going to be cheap. My opinion is if you really like something go ahead and spend the money on it because you'll wear it forever.

Another tip I can give is to take risks sometimes. I used to buy stuff that I felt was "safe". This usually meant sticking to "safe" colors like black, white, navy blue. Consequently, I ended up having a pretty plain wardrobe. Sometimes there's going to be stuff you see on the rack or in a magazine that you could NEVER picture yourself wearing. It's those pieces that you end up buying and getting complements on because they're breaking the rules of fashion.

### **Quick Tip:**

Basically find your own style but also experiment by having real people help you in real life. Also, go out to clubs/bars and see what the alpha guys are wearing. Usually it's not the dressiest and most expensive, but they're the guys with the most style. Accessorizing is also key. A nice watch, maybe an earring or two depending on how old u are and what look your going for. Also, invest in some expensive jeans.

Going to a bunch of websites for fashion and looking at pictures will help definitely, but the best way is to either go shopping with women (multiple is better). Go to a fashionable mall even by yourself or with a guy friend who has good style. You can even flirt with the women who work in the store and ask them their opinion. I'm constantly asking girls their opinions on this especially on dates and stuff.

### **Look at Hollywood**

One thing I've started to do is looking at models and actors that have a similar complexion to me. For example, the new Bond (Daniel Craig) is blonde and "fair-skinned" like me. So I

Google pictures of him and see what colors he's wearing and how they look.

Oh and to throw in one other thing. You always hear that shopping with women is the best way to get fashion advice, but I heard that the best resource is a super-fashionable gay guy. He'll make you look smokin'. If you think about it, it makes sense. He knows and buys men's clothing (unlike women), but he's also attracted to men so he'll know if you look good or not.

## Fashion Advice: 'Wow' the Crowd with Color

By Rayne Parvis

We all remember the infamous little black dress in “Breakfast at Tiffany’s” that Audrey Hepburn wore. She looked classy, irresistible and sophisticated. And from that point on, the LBD was our go-to pick. However, if we were to see that same dress in on one of our favorite red carpet stunners, we would be unimpressed. When choosing the perfect colored dress or outfit, celebrities’ color analysis- trained fashion stylists and everyday people who have an educated style, know black isn’t always their friend. They want their dress or outfit to pop and ‘wow’ the crowd.

# In latest fashion advice, follow these three steps to wearing color and you'll be rockin':

**1. Go Monochromatic:** Choose different hues, tints and shades of the same colors. Gigi Hadid, Kendall Jenner and Rihanna have all tried the outfit magic of monochromatic.

**Related Link:** [Blake Lively's High Fashion Style](#)

**2. Know Your Skin Tone:** Are you warm or cool? Everyone resonates with one of our four seasons: winter(cool), spring(warm), summer(cool) and autumn(warm). Wearing colors from your color palette/season will definitely make you look younger, vibrant and refreshed. In contraST, colors opposite of your palette will make you look drab and not so fab. If you are warm toned, you probably look better in gold, have a yellow tint to your skin and have green veins (look at your wrist). If you are cool toned, you look better in silver, have a pinkish tint to your skin and have blue veins. For example, if you are a spring and when you wear pastels or black by your face you'll look washed out and sickly. Jewel tones over the cool color palettes will complement your skin tone.

**Related Link:** [Celebrity Tassels Are the Latest Fashion Trend](#)

**3. Choose Tans, Olive Greens and Dark Blues Over Black for Neutrals:** Unless another part of your outfit has black in it, black can be very hard to match and can overpower your outfit. Choosing a different shade of neutral will add a stylish element as well as tame any bold color.

*You may not be on the big screen or on the red carpet but that doesn't mean you can't look chic. If you're confused read Chapter 3 in [Ultimate Guide to Style: From Drab to Fab!](#). For inspiration to be bold & all kinds of beautiful check out*
