

Giveaway: Express Your Inner Barbz with Pink Friday by Nicki Minaj!

This post is sponsored by Elizabeth Arden.

By Jennifer Ross

Ladies, let's face it. No matter what frustrating gender-based challenges still exist in this male-dominated world, women have more rights and freedoms than ever before, thanks to the hard work of our ancestors. That is not to say that everything is perfect; such a concept may never exist. However, in this day and age, it is finally possible to have your cake and eat it too. We are better women, better lovers and better mothers. If history has any knowledge of our future, chances are, we are only going to get better with time.

One woman familiar with the concept of having it all is Nicki Minaj. With her creative musical abilities, iconic sense of style and star originality, she set out to succeed in the

male-dominated hip hop world – and has done an incredible job thus far. Minaj continually pushes through boundaries to achieve her extraordinary vision, something that her millions of Barbz (her fans' nickname) love to emulate. Determined to express herself through various mediums, she now applies her passion for life to the world of fragrance.

A natural progression in her blossoming beauty empire, Pink Friday is Minaj's first scent. Pink Friday captures her vivacious personality and effervescence in both its intoxicating notes and thrilling presentation. The fragrance mixes complementary playful and sultry notes of juicy fruits, creamy vanilla and sensual musk to create an exhilarating scent that ignites beyond the senses. The unique bottle design (seen below) is another example of her 'wow' factor.

Pink Friday is perfect for any occasion. Whether you want a playful floral scent to pair with your fun-loving personality on that first date or the sultry aroma of musk to wrap your skin on a romantic dinner with your spouse, this fragrance has it all. Lucky for you, Minaj is giving two CupidsPulse.com readers a **1.7 Pink Friday Nicki Minaj Eau de Parfum AND a Pink Friday Nicki Minaj Body Lotion!** The total retail value of each winner's prize is \$74.

This post is sponsored by MyAKA.

By Jennifer Ross

You're out one Thursday evening getting a drink with the girls after work when you make eye contact with a 6'2 Ryan Reynolds look-alike who is staring at you from across the bar. The good news: Blake Lively is nowhere in site! You really want to make the first move and approach him but your friends persuade

you to stay put. Before you even have time to decide what to do, you notice that he is passing the DJ booth and making his way towards the dimly lit corner where you're standing. He kindly introduces himself and as the two of you chat, your mind makes a mental note about him. He's nice, he's funny, he's hot and yes, he's single. The night is going well! You definitely want to see him again, but there's one catch: you don't feel comfortable giving him your cell phone number. You've had some pretty bad experiences giving out your personal information to guys. What do you do?

You're in luck! Now you can have a second, private phone line that rings to your cell phone, eliminating the need to worry about losing your information – or the guy – ever again. [MyAKA](#) is a product that offers you a second cell phone number in your local area code, allowing two mobile numbers on one phone. The second phone number works just like your primary cell phone number. It includes full voice and text message support in the United States and Canada, easy number blocking and unblocking, and a Do Not Disturb feature that sends calls to voice mail and stores text messages when enabled. Your assigned phone number from MyAKA is not linked to your user information in any way. So unlike forwarding services, your primary phone number is protected on incoming and outgoing calls. Best of all, there are no apps, downloads or Internet required. All features are controlled via text message. Hesitant about giving it a whirl? **MyAKA is giving you a seven-day free trial.**

A 7 Day FREE Trial?! What's the catch? None. With this special offer for CupidsPulse.com readers, you can enjoy seven worry-free days of flirting with MyAKA without even entering your credit card! Giveaway: Stay Dry and Cute on a Rainy Day with Ahnu Laguna Boots

This post is sponsored by Ahnu.

By Sarah Ribeiro

We've all been there: it's your first date with your tall, dark and handsome crush from the accounting department. You want to look perfect for this guy and have picked out your favorite date outfit to wear to a movie in the city. Unfortunately, as you're getting ready for the night, it begins to downpour outside. You want to make a good impression for your new man but can't see yourself trekking through puddles in 3 inch open-toe heels. Clunky old rain boots aren't an option either. Luckily, the new Laguna boot from [Ahnu](#) can save your date night from being a fashion disaster and keep your feet dry and warm, no matter what the weather brings.

The Laguna puts a modern spin on your average rain boot. Rather than your typical boxy slab of rubber, these patent leather boots come in a streamlined shape that lean less towards puddle-jumping in the schoolyard and more towards walking through the water in the city. Wear them on a rainy date or even just on a romantic stroll with your sweetheart after a storm.

The boots are not only waterproof for practicality, but they also come in three wonderful colors for the fashion-minded bunch: Golden Brown, Black and Wine Tasting. Plus, the front laces help you secure the boots and keep you extra comfortable

– and the side zipper provides an easy on/off for when you get home.

Now is the perfect time to try them out before the wet weather begins. Ahnu is giving away a pair of Laguna boots to one lucky CupidsPulse.com reader! Enter the giveaway below and never worry about the weather ruining your romantic night again.

Giveaway: Win Tickets to See Divorce – The Musical

This post is sponsored by Divorce – The Musical.

By Deanna Atkins

Whether you're divorced, married or single we can all relate to the heartbreak and fury one in every two married couples are facing these days. One thing to keep in mind is that it's "better to be mad than sad" – as Ruthe Ponturo, creator and co-producer of [Divorce – The Musical](#), says.

After a blissful, 34-year marriage Ponturo had her life turned upside down the day her husband unexpectedly told her that he no longer wanted to be married to her. She was left in complete shock with many thoughts running through her mind: Is he having an affair? Is there a younger woman? Is this just a part of his mid-life crisis? Instead of spiraling into depression, getting plastic surgery or wallowing in self pity, Ruthe made the bold choice to express her boiling emotions through comedic songs.

Partnering up with musical director, John Thomas Fischer, they created 'Divorce – The Musical': a cabaret show which showcases Ponturo's "get on with life" attitude through a variety of hilarious songs all from different genres. The musical offers something for everyone, especially an opportunity to laugh until you cry.

Dying to see how this strong woman triumphed despite hardship

and heartache? Well, one lucky CupidsPulse.com reader will have the chance to win two tickets to see the show in NYC by following the details below:

Two New Ways Women In High Heels Can Stay Sexy and Comfortable

This post is sponsored by Foot Petals.

By Sarah Ribeiro

After running around the office all day and standing for two hours to give a presentation to a new client, your new man calls and asks you to dinner. You embrace the chance to sit down, but after your meal, he suggests that you take a nice stroll around the block to get some fresh air. You don't want to appear high-maintenance or out-of-shape for that matter, so while your feet cry in pain, you hold his hand and smile.

After all, you really like this guy. But, then the unthinkable happens! You're walking on the sidewalk and your shoe gets stuck in a crack, scuffing the heel of your expensive leather shoes. You can't take it anymore and you begin to cry, your date now thinks you have some very big emotional issues. If only you had known about Foot Petals!

Foot Petals, the brand known for their fabulous and fashionable shoe inserts and shoe cushions just launched two new revolutionary products to bring comfort to women in high heels.

The first new product, Stiletto Shieldz, solves the annoying problem of when your stiletto heels get scuffed or scratched. Stiletto Shieldz is a clear plastic shield that adheres to your heels (works on leather, synthetics, wood, etc.) and will protect them from scuffs while appearing invisible to the eye.

The Stiletto Shieldz for high heels retails for \$6.95 and is sold at www.footpetals.com and department stores, including Nordstrom.

The second new Foot Petals product, Pressure Pointz, adds comfort to trouble spots. Pressure Pointz are small shoe cushions that women in high heels can stick in a specific spot of their shoes to create a defense layer between their shoe and skin to avoid blisters and uncomfortable rubbing. Many women in high heels currently use band-aids or tape to try to solve this problem, but Pressure Pointz is a more permanent and practical solution that also provides more comfort than at home solutions. Pressure Pointz for stiletto heels retail for \$6.95 and are available at www.footpetals.com and in department stores, including Nordstrom.

How to Stand Out from Every Other Girl and Get Him to Notice You This Summer

This post is sponsored by Rori Raye.

By Sarah Ribeiro

The dating world is an endless competition. You're constantly up against crowds of girls launching themselves at the same guys as you. But worst of all, you're up against yourself.

Last Wednesday, June 13, 2012, SingleEdition hosted a UStream broadcast with relationship coach Rori Raye about standing out, getting noticed and experiencing a real summer love.

Raye focuses on teaching you to have the relationship YOU want and gives some great tips on doing just that. Her leading piece of advice? "Actually fall in love with the way you are right now, even if you think you made mistakes." Then, you will see that finding love is easy.

How can you stand out in a group of women?

According to Raye, there are four roads you can take in a relationship. Three of them are most commonly used, but they are the wrong ones.

Related Link: [How to Ease Your Nerves Before A Blind Date](#)

What are these three wrong roads?

The Physical: This road refers to focusing too much on your body and sexuality. Getting too involved with what you look like makes you a sexual competitor, which means you are not viable for a relationship. As Raye explains, “Men are used to women being really provocative now,” and that makes it too easy for them to get what they want and dismiss any notion of a relationship. “It gets you the booty call” but prevents any type of romance from developing.

The Mental: The second road means discovering what you have in common. The common ground, says Raye, isn’t important except for the core values you share: honesty, being a good person, wanting a relationship. What you both like in the world, according to Raye, is irrelevant. Connecting with a man’s brain “creates a friendship, but he will not feel connected emotionally.”

The Energetic: Too many women make the mistake of finding a spiritual bypass – using the mantra that “you’re angry, but you’re above that”. Being a **reasonable** woman, making excuses and closing yourself off is only going to keep you cold and unable to express your true feelings, making dating miserable.

The fourth road is one that Raye says we’ve been told to avoid. However, it’s the right one.

Related Link: [Five Top Tips On How to Find “The One”](#)

The Emotional: If you key into your feelings and share them,

you can show a man that you have the ability to be in touch with yourself emotionally. “The second he can feel your openness,” says Raye, “he’s going to open up” and fall in love with you.

Raye believes that if you open your heart and have a warm personality, a guy will make a beeline for you.

There are specific, effective ways to communicate to a man your interest without chasing him. To learn how to do this so that a man will feel inspired to pursue you, subscribe to Rori’s free [e-newsletter](#). You’ll discover a completely different way of expressing yourself that will get you a man’s full attention and interest.

Your cute neighbor – who you’ve been crushing on since he moved in – *finally* asked you out on a date. He even planned the evening for you: an al fresco dinner at your favorite restaurant followed by a romantic stroll through a nearby park. Sounds perfect, right?

It is...until your allergies show up (uninvited, of course) and you can’t stop sneezing. Itchy eyes and a red nose is *not* how you hoped to end your night.

If only you would’ve learned from Brooke Burke-Charvet’s mistakes. Merck teamed up with the *Dancing with the Stars* host to create the video below, showing you how easy it is to live

This post is sponsored by Lenovo.

Whether you're video chatting with your loved one, or maybe just listening to music, these Lenovo M0520 speakers will ensure that you are hearing the best-quality sound possible.

They can be used both on your laptop or at your desktop computer, and these compact, convenient speakers are portable.

All you have to do is attach the convenient USB-powered connection with an energy saving function to whichever device you're using at the time.

When traveling, no one wants to bring along his or her oversized, awkwardly shaped speakers, so the Lenovo speaker allows for easy storage, without taking up precious space in your suitcase. To even take the sound experience further, the speakers also attach to smartphones and MP3/MP4 players, so you can bring them with you to the beach and play you and your partner's favorite playlist. Their chic, elegant look makes them that much better than the competition too. Available in red or black, it suits both sexes, achieving the look of either classy or cute.

Have a Skype date with your man on the road? Great! These speakers will make it seem like he is in the room with you, as you hear his voice booming through the amps. Even if you're not technologically savvy, setting up these speakers is a no-brainer. Just plug them into your computer and you're ready to jam out or chat it up, while listening to the other person loud and clear- thanks to the four watts of power they work

off of and the built-in amplifiers.

This product proves that bigger isn't always better, so enjoy the top-notch sound at a reasonable cost, and reap the benefits at home or on the go.

By Ann Csincsak

One of the hottest new shows on television and a personal favorite of mine is Fashion Star! Nicole Richie shines every week with fashion forward styles and gorgeous Jewelry from her company "House of Harlow." Although her ensembles may be a little out of most people's price range, I have developed some great styles from her that everyone can afford and look spectacular in.

The first look (image above) is a classic casual get-up that maintains some of spring's favorites trends...Bangles, Pops of color, and Headbands. Pair this daytime look with some heels and your ready for an evening out on the town.

The next outfit sports spring's hottest trend and that's the romper. Nicole shows us that although shorts are mostly considered casual, this romper takes your look from daytime drag to everyday chic! Wear this on any date and make your guy's jaw drop with how you can make casual look SEXY!

Platinum is a Celebrity's Best Friend, It Can Be Yours Too

This post is sponsored by Platinum Guild International USA.

By [Lori Bizzoco](#)

When it comes to celebrities and their diamonds, nothing makes them glow better than when they're set in precious platinum.

Whether it be diamond rings, earrings or bracelets, platinum is a celebrity favorite. Ann Hathaway, Mila Kunis Halle Berry, Sandra Bullock, Nicole Kidman and many more have worn it over and over again on the red carpet. In February, Jennifer Hudson who gave an emotional tribute to Whitney Houston at the Grammy's, wore a radiant pair of platinum and onyx earrings by Neil Lane.

But, what happens if you don't have a movie stars budget? Well, your are in luck because for the first time in recent history, the price of gold per ounce has risen higher than that of Platinum. So, now platinum is more attainable than ever before.

Three Key Reasons to Buy Platinum:

- It's eternal and has everlasting radiance
- The durability and resistance to wear makes it the most secure and protective metal, which means your jewelry will be protected for a lifetime
- Platinum does not change shape or wear away so precious stones are held firmly and securely.

If you are in a relationship and ring shopping, now is a great time to invest in this rare commodity. A women's wedding band

and engagement ring are two of the most sentimental and important pieces of jewelry that she will ever own. For a man, his wedding band needs to last a lifetime too. Platinum will stand the test of time and look just as good fifty years into the marriage as the first day its put on.
