### **Cupid's Advice:**

Having a disagreement with your partner can really be difficult, and sometimes you can be airing your dirty laundry without realizing it just because you need to vent. If you tend to go public with your relationship disagreements before considering all of the consequences, Cupid has some advice for you:

**1. Think of the kids:** Relationship disputes can be a really delicate situation, but when there are kids involved, it only makes it more complicated. You don't want your kids to be involved in adult conflict, and when you go public with your relationship drama, it can easily be overheard by your children. So, before you publicize your relationship disagreement, think about your kids. Put them first.

**2. What will your family and friends think?:** When you tell your family and friends about your relationship feud, it can really paint a negative picture of your partner in their

heads. If you decide to work out your differences and forgive your partner, your family and friends might not forgive them so easily, which will make gatherings really awkward. Your complaints can be taken to heart by your family and friends, making your partner seeming like a terrible person.

**3. You'll receive everyone's two cents:** Having everyone know that you and your partner are having relationship issues can result in everyone giving their unwanted opinions. Hearing their thoughts about your relationship can stress you out. Sometimes unwanted opinions can lead to blowing smaller issues out of proportion, which only results in more conflict. When you deal with your relationship issues internally, you'll focus on your opinion alone, and that's ultimately the only one on that matters.

**3. The bold lip:** Whether it's a fearless red or a romantic berry, if you want to do a bold lip, it has to be the focal point of your look. **5. The glittery look:** If you're looking to steal the night away with your ultra shiny makeup, then this is your look. Choosing the right eyeshadow is crucial as this will be the prime focus of the look. The color could be nude or it could be a vibrant purple, as long it as it has glitter, gloss, or shine it works for the look. Matching that with a soft brow, and over the top lashes will seal the deal. You can also top it off with a strong highlight on your cheekbone to give your

face some more glimmer.

**6. The rosy monochrome:** This look light, airy, and flirty. A light pink works perfectly for the eyeshadow, keeping it subtle is key for this look. Along with rosy cheeks and a soft pink lipstick or lipgloss. Keep the eyebrows and lashes subtle and not overdone and you can even skip eyeliner for this look. To top it off use a delicate highlighter on your cheekbones and in the corner of your eyes.

**7. Bold liner:** Using bright colors for eyeliners is a great way to keep all eyes on you, so this is a great date night look. Since you want your liner to stand out almost everything should be nude. The eyeshadow could go a little off the nude palate but not too far keeping everything moderate. No matter what color you choose, it should be applied to either the top of the lid or as under liner, but it shouldn't be both. To complete this look you'll just need gentle brows and mascara.
